* Reference is frequently made in the Register of Names to the following, and which are located as follows, viz: Hoadley's Addition, situated west of Grant or Pierce between Geary and Washington; Horner's Addition, south and near the Mission Dolores; Western Addition, west of Larkin; San Miguel Ranch, south-west and near the Mission Dolores; and Bernal Heights, near the San Bruno Road and south of the Potrero Nuevo. See, also, Prominent Places, page 521.

† The names of the principal streets west of Larkin have been changed upon an unofficial map of this city recently published, viz: Gough to Lafayette Avenue, Octavia to Jefferson Avenue, Laguna to Clinton Avenue, Buchanan to Monroe Avenue, Webster to Webster Avenue, Fillmore to Fillmore Avenue, Steiner to Madison Avenue, Pierce to Hamilton Avenue, Scott to Scott Avenue, and Devisadero to Devisadero Avenue. As these alterations have not yet been sanctioned by the Board of Supervisors, the original names have been retained in the canvass for the work.—COMPILER.

NUMERICAL DIRECTORY OF THE PRINCIPAL STREETS, IN ACCORDANCE WITH THE NEW NUMBERS.

[COMPILED EXPRESSLY FOR THIS WORK.]

For Alphabetical List of Streets, Avenues, etc., see page 513.

NEW NUMBERS.—The Ordinance for renumbering the buildings of this city provides that—"Market Street shall be the starting point for the numbers on all buildings fronting on the streets running therefrom in a northerly direction, and also for those running therefrom in a southwesterly direction. The streets laid down in the official map of the city as forming the water front thereof, shall be the starting point for numbers on all streets running westerly and south-westerly therefrom, except upon such streets running westerly commencing from Market Street, and upon all such streets Market Street shall be the starting point for numbers. On all streets the numbers on the northerly or north-easterly sides thereof shall be even numbers, and on the southerly or south-westerly sides thereof shall be odd numbers. One hundred numbers, or as many thereof as may be necessary, shall be allotted to each block bounded by principal streets; numbers 100, 200, and 300 being respectively the numbers for commencing the blocks distant one, two, and three streets from the starting point on the side designated for even numbers, and numbers 101, 201, and 301 in similar manner for the opposite side of the street, throughout its extent; so that the initial figure of the number placed on a building at any street-crossing shall indicate the number of main streets such street-crossing is from the starting point. Not less than twenty feet in frontage of all vacant lots of ground shall be allowed for each number. On all cross or intermediate streets the numbering shall commence where said streets begin, and shall conform to the plan specified in this order."

By this new decimal system of numbering buildings, the exact location of any number is readily ascertained: for instance, if you want to find 624 Montgomery, it is on the east side of the block extending from Clay to Washington, which is the seventh from Market—Commercial and Merchant being private streets. Again: 825 Clay is above the eighth block from the water front, which is the one extending from Dupont to Stockton. It must be borne in mind that 100 numbers are allowed on each block between principal streets.

(a) End of street. (b) Not opened. (c) Fractional Blocks, one hundred numbers allowed for first two blocks. (d) Fronting the bay.

The boundaries of the City and County of San Francisco shall be as follows : Beginning in the Pacific Ocean, three miles from shore, and on the line (extended) of the United States survey, separating townships two and three south (Mount Diablo Meridian), and thence running northerly and parallel with the shore so as to be three miles therefrom opposite Seal Rock ; thence in the same general direction to a point three miles from shore, and on the northerly side of the entrance to the Bay of San Francisco ; thence to low water mark on the northerly side of the said entrance, at a point opposite Fort Point ; thence following said low water mark to a point due north-west of Golden Rock ; thence due south-east to a point within three miles of the natural high water mark on the eastern shore of the Bay of San Francisco ; thence in a southerly direction to a point three miles from said eastern shore, and on the line first named (considered as extending across said bay) ; and thence along said first-named line to the place of beginning.* The islands in said bay, known as the Alcatrazes and Yerba Buena, and the islands in said ocean known as the Farallones, shall be attached to and form a part of said city and county ; *provided*, however, that all rights and liabilities of the corporation heretofore and now known as the City of San Francisco, shall survive to, and continue against, the corporations continued by this Act. SEC. 2. The public buildings, lands, and property, all rights of property and rights of action, and all moneys, revenues, and income, belonging or appertaining either to the corporation of the City of San Francisco, or to the County of San Francisco, are hereby declared to be vested in, and to appertain to, the said City and County of San Francisco ; and the moneys in the treasury of said City, and in the treasury of said County of San Francisco, and all the revenues and income from whatsoever source arising, including delinquent taxes upon persons and property appertaining to the said city or to the said county, shall be handed over, paid, and received into the treasury of the City and County of San Francisco as a part of the General Fund ; or where the said moneys, revenues, and income, or any part thereof, have been heretofore and still remain set apart and dedicated by lawful authority to the use of a Special Fund, the necessity and objects of which still continue, the same shall continue to be received, held, and disbursed for the same use, unless it is otherwise provided in this or some other Act.

SUPPLEMENTAL VIII.—*An Act amendatory of Article Fourth of an Act entitled An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof, approved the nineteenth day of April, eighteen hundred and fifty-six, repealing sections thirty-six to sixty-four, inclusive, and Acts and parts of Acts amendatory and supplementary thereof, and substituting this Act for said Article Four.*—Approved April 25, 1862.

SECTION 1. All the original streets, as laid down upon the map now in the office of the city and County Surveyor of the City and County of San Francisco, signed by C. H. Gough, Michael Hayes, and Horace Hawes, Commissioners, and by John J. Hoff, Surveyor, and generally known as the "Van Ness Map," and all other streets, lanes, alleys, places, or courts, now dedicated to public use, or which shall be hereafter dedicated to public use, lying between the Bay of San Francisco and Johnston and Larkin streets, including the two last-named streets, are hereby declared to be open public streets, lanes, alleys, places, or courts, for the purposes of this law; and the Board of Supervisors of said city and county are hereby authorized to employ the City and County Surveyor to ascertain and establish the lines and width of all or any of said streets, lanes, and alleys, and the sizes of said places, or courts, when they shall deem it necessary so to do.

SEC. 2. The Board of Supervisors shall have power to lay out and open new streets, within the corporate limits of the City and County of San Francisco, and west of Larkin and south-west of Johnston streets, in accordance with the conditions of the ordinance of the Common Council of said city, approved June twentieth, eighteen hundred and fifty-five, entitled An Ordinance for the Settlement and Quieting of Land Titles, but shall have no power to subject the city and county to any expense therefor, exceeding the sum of one thousand dollars, and, where so laid out and opened, the provisions of this Act shall be applicable thereto.

SEC. 3. The Board of Supervisors are hereby authorized and empowered to order the whole or any portion* of the said streets, lanes, alleys, places, or courts, graded, or regraded, to the official grade, planked, or replanked, paved, or repaved, or macadamized, piled, or repiled, capped or recapped, and to order sidewalks, sewers, cesspools, manholes, culverts, curbing, and crosswalks, to be constructed therein, and to order any other work to be done which shall be neces-

* Whenever street work or grading of any street or part thereof may be deemed necessary by the Board of Supervisors of the city and county of San Francisco, on a portion of any street in front of any lot owned or possessed by the Government of the United States, said Board shall have power to order the whole or any portion of such street in front of any such lot to be graded, paved, planked, or repaired, any law to the contrary notwithstanding.—[Act March 31, 1866.]

sary to make and complete the whole, or any portion of said streets, lanes, alleys, places, or courts, and they may order any of the said work to be improved. The work provided for in this Act shall not be deemed to be "specific improvement," within the meaning of section sixty-eight, Article V, of Chapter One Hundred and Twenty-Five, of the Act entitled "An Act to repeal the several Charters of the City of San Francisco, to establish the Boundaries of the City and County of San Francisco, and to consolidate the Government thereof," approved April nineteenth, eighteen hundred and fifty-six. Nor shall the ordinances or resolutions passed by the said Board of Supervisors, under the provisions of this Act, be deemed to be such ordinances or resolutions as are mentioned in said section of sixty-eight.

SEC. 4. The Board of Supervisors may order any work authorized by section three of this Act to be done, after notice of their intention so to do, in the form of a resolution, describing the work, and signed by the Clerk of said Board, has been published for the period of ten days; and it shall not be lawful for any property owner to become exempt from assessment by the performance after the first publication of the said notice of intention of any work included in such notice. At the expiration of any notice of intention, as herein before provided, the Board of Supervisors shall be deemed to have acquired jurisdiction to order any of the work to be done, or to be afterwards improved, which is authorized by section three of this Act; and all owners of lands, or lots, or portions of lots, who may feel aggrieved, or who may have objections to any of the subsequent proceedings of the said Board in relation to the work mentioned in such notices of intentions, shall file with the said Clerk a petition or remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object. Said petition or remonstrance shall be passed upon by the said Board of Supervisors, and their decisions thereon shall be final and conclusive. The owners of more than one-half in frontage of the lots and lands fronting on the work proposed to be done and designated in said resolutions, may make written objections to grading, and to piling, capping, and planking, within ten days after the first publication of said resolution of intention; said objections shall be delivered to the Clerk of the said Board of Supervisors, who shall indorse thereon the date of the reception by him, and such objections, so indorsed, shall be a bar to any further proceedings in relation to said grading for a period of six months, unless the owners aforesaid shall sooner petition for said grading to be done; *provided*, that when one-half or more of the grading of any street lying between two main street crossings has been already performed, the Board of Supervisors may order the remainder of such grading to be done, notwithstanding the objections of any property owners. Before passing any order for the construction of sewers, plans, specifications, and careful estimates shall be furnished to the said Board of Supervisors by the Superintendent of the Public Streets and Highways of the City and County of San Francisco, if required by them.—[Amendment April 25, 1863.]

SEC. 5. The owners of more than one-half in frontage of lots and lands fronting on any street, lane, alley, place, or court, mentioned in sections one and two of this Act, or their duly authorized agents, may petition the said Board of Supervisors to order any of the work mentioned in section three of this Act, to be done, and the Board of Supervisors may order the work mentioned in said petition to be done, after notice of their intention so to do has been published, as provided in section four of this Act. No order or permission shall be given to grade or pile and cap any street, lane, alley, place, or court, in the first instance, or any portion thereof, without extending and completing the same throughout the whole width of such street, lane, alley, place or court; when any such work has heretofore been done, or when any such work shall hereafter be done, in violation of this section, neither the lots or portions of lots, in front of which such work has been or may be done hereafter, nor the owners thereof, shall be exempt from assessments made for the payment of the work afterwards done to complete said street, lane, alley, place, or court, to its full width, as provided in section eight of this Act.

SEC. 6. Before giving out any contracts by the Board of Supervisors, for doing any work authorized by section three of this Act, the Board of Supervisors shall cause notice to be conspicuously posted in the office of the Superintendent of Public Streets and Highways, and also published for five days, inviting sealed proposals for the work contemplated. All proposals offered shall be delivered to the Clerk of the Board of Supervisors, and said Board shall, in open session, open, examine, and publicly declare the same, and award said work to the lowest responsible bidder; *provided*, said Board may reject any and all bids, should they deem it for the public good, and also the bid of any party who may have proved delinquent or unfaithful in any former contract with said city and county. All proposals shall be accompanied with a bond in the sum of two hundred dollars, signed by the bidder and two sureties, who shall justify in the manner hereinafter provided, conditioned to pay to the Street Department Fund the full sum of two hundred dollars as liquidated damages, if the bidder to whom the contract is awarded shall fail or neglect to enter into a contract, as hereinafter provided. It shall be the duty of said City and County Attorney to sue on said bonds, in the name of said city and county, and to pay the amount recovered over to said fund. The Board of Supervisors shall have power to relieve the

contractor from the performance of the conditions of said bond, when good cause is shown therefor. All persons (owners included) who shall fail to enter into contracts, as herein provided, are hereby prohibited from bidding a second time for the same work. Notice of such awards shall be published for five days. The owners of the major part of the frontage of lots and lands liable to be assessed for said work, shall not be required to present sealed proposals, but may, within said five days after the first publication of notice of such award, elect to take said work, and enter into a written contract to do the whole work at the price at which the same may have been awarded. Should said owners fail to commence the work within ten days after the first publication of the notice of said award, and prosecute the same with due diligence, to completion, it shall be the duty of the Superintendent of Public Streets and Highways to enter into a contract with the original bidder to whom the contract was awarded, and at the price the same may have been awarded him; but if said bidder neglect, for fifteen days after the first publication of the notice of said award, to enter into the contract, then the Board of Supervisors shall again publish for said five days, and pursue the steps required by this section, the same as in the first instance. If the owners who may have taken said contract, do not complete the same within the time limited in the contract, or within such further time as the Board of Supervisors may give them, said Superintendent shall report such delinquency to the Board of Supervisors, who may relet the unfinished portion of said work, after having pursued the formalities of this section as stated aforesaid. All such contractors shall, at the time of the execution of the contract, also execute a bond to the satisfaction of said Superintendent, with two or more sureties, payable to the City and County of San Francisco, in such sums as the said Superintendent shall deem adequate, conditioned for the faithful performance of the contract, and the sureties shall justify before any officer competent to administer an oath, in double the amount mentioned in said bond, over and above all statutory exemptions. Any person suffering damages, by reason of the breach of said contract, may sue on such bond in his own name. It shall be the duty of the Superintendent to collect from the contractors, before the contract is signed by him, the cost of publication of the notices required under the proceedings prescribed in this Act.

SEC. 7. The Superintendent of Public Streets and Highways is hereby authorized, in his official capacity, to enter into all written contracts, and to receipt all bonds authorized by this Act, and to do any other acts, either expressed or implied, that pertain to the Street Department under this Act; and said Superintendent shall fix the time for the commencement and completion of the work under all contracts entered into by him, and may extend the time so fixed from time to time under the direction of the Board of Supervisors. And in all cases where the Superintendent, under the direction of said Board, has extended the time for the performance of contracts, the same shall be held to have been legally extended. And whenever, in any contract heretofore made, the said Superintendent has fixed the time for doing the work, or has extended the same, such acts shall be deemed and held to have been legally done, and it shall be so held in all the Courts of this State; but this provision shall not apply to any contracts the work under which has not been commenced. The work provided for in section three of this Act must, in all cases, be done under the direction and to the satisfaction of the Superintendent, and the materials used shall be such as are required by the said Superintendent; and all contracts made therefor must contain this condition, and also express notice that in no case (except where it is otherwise provided in this Act) will the city and county be liable for any portion of the expense, nor for any delinquency of persons or property assessed. The assessment and apportionment of the expenses of all such work, in the mode herein provided, shall be made by the said Superintendent of Public Streets and Highways.—[Amendment April 25, 1863.]

SEC. 8. *One.* The expense incurred for any work authorized by section three of this Act, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specially provided, each lot or portion of lot being separately assessed, in proportion to its frontage, at a rate per front foot sufficient to cover the total expense of the work.

Two. The expense of all improvements (except such as done by contractors under the provisions of section fourteen of this Act) until the streets, street crossings, lanes, alleys, places or courts are finally accepted, as provided in section twenty-one of this Act, shall be assessed upon the lots and lands as provided in this section, according to the nature and character of the work, and after such acceptance, the expense of all work thereafter done thereon shall be paid by said city and county out of the Street Department Fund; and if said Fund shall not be sufficient to defray such expenses, the Board of Supervisors may transfer from the General Fund to the Street Department Fund sufficient money to meet any deficiency.

Three. The expense of work done on main street crossings, excepting such as are provided for in subdivision eight of this section, shall be assessed upon the four quarter blocks adjoining and cornering on the crossing; and each lot or part of a lot, in such quarter blocks, fronting on such main streets, shall be separately assessed, according to its proportion of frontage on the said main streets.

Four. Where a main street terminates at right angles in another main street, the expense of

the work done on one-half the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main streets, and the expense of the other half of the width of said street upon the lots fronting on the latter half of the street opposite such termination.

Five. Where any small or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all the lots or portions of lots half way on said small streets to the next crossing, or intersection, or to the end of said small or subdivision street, if it does not meet another.

Six. The expense of work done on the small or subdivision street crossings, shall be assessed upon the lots fronting upon such small streets on each side thereof, in all directions, half way to the next street, place, or court, on either side, respectively, or to the end of such street, if it does not meet another.

Seven. Where a small street, lane, alley, place or court terminates in another street, lane, alley, place, or court, the expense of the work done on one-half the width of the street, lane, alley, place, or court, opposite the termination, shall be assessed upon the lot fronting on such small street, lane, alley, place, or court, so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, lane, alley, place, or court, or to the end of such street, lane, alley, place, or court, if it does not meet another, and the other one-half of the width upon the lots fronting such termination.

Eight. The map now in the office of the said Superintendent of Public Streets and Highways, showing the street crossings, or spaces formed or made by the junction or intersection of other streets with Market Street, also showing other street crossings adjoining fractional or irregular blocks (all which said crossings or spaces are colored on said map, and numbered from one to seventy, inclusive) and heretofore certified by said Superintendent, and adopted by a resolution of the Board of Supervisors, Number Fifteen Hundred and Seventy-Eight, approved on the sixteenth day of December, eighteen hundred and sixty-one, which resolution is copied on the face of said map, shall be deemed and held to be an official map for the purposes of this Act, and the same is hereby approved; and the expenses incurred for work done on the said crossings of spaces formed by the junction and intersection of East Street with Market Street, and of other streets with Market Street, on the northerly side of the same, and not squarely in front of and not properly assessable to lots fronting on such streets, and for work done on said other street crossings and spaces, all of which are colored on said map, shall be assessed on the contiguous, adjacent, and neighboring irregular or quarter blocks or lots of land which are of the same color as the crossings or spaces, and which have a number thereon corresponding with the number of the crossing or space on which the work has been done.

Nine. In all the streets constituting the water front of the City and County of San Francisco, or bounded on one side by the property of said city and county, or crossings cornering thereon, or on the water front, the expense of work done on that portion of said streets, from the center line thereof to the said water front, or to such property of the city and county bounded thereon, and of one-fourth of their crossings, shall be provided for by the said city and county; but no contract for any such work shall be given out except to the lowest responsible bidder, after an observance of all the formalities required by this Act.

Ten. Where any work mentioned in section three of this Act (sewers, manholes, cesspools, culverts, crosswalks, crossings, curbing, grading, piling, and capping excepted) is done on one side of the center line of said streets, lanes, alleys, places, or courts, the lots or portions of lots fronting on that side only in front of which said work is done shall be assessed to cover the expenses of said work according to the provisions of this section.

Eleven. The assessment made to cover the expenses of the grading mentioned in the proviso in section four of this Act, shall be assessed upon all the lands, lots, and portions of lots, fronting on either side of said street, lying and being between the said main street crossings, in the manner provided in subdivision one of this section. Before any work is done under a contract to complete the grading of a partially graded street, lane, alley, place, or court, under the provisions of section four of this Act, the City and County Surveyor shall ascertain as near as possible, the number of cubic yards of grading done previous to the letting of the contract in front of each lot or parcel of land fronting upon the work under contract, and also ascertain the number of cubic yards of grading necessary to complete the grading included in the contract, and certify such estimates to the Superintendent of Public Streets and Highways before the completion of the work included in said contract. And when any owner of a lot or lots fronting on said partially graded street, lane, alley, place, or court, has graded a part of the same, and such grading in cubic yards or measurement equals the proportional amount of grading which such owner would be obliged to do if no grading had been done on such street, lane, alley, place, or court, then such owner and his lot or lots shall be exempted from assessment for the remaining work. And if the grading done by such owner is less than his proportional share, then the work required to be done in front of his lot or lots, according to the original profile of

the land previous to any grading thereon, shall be included in the assessment, and the work he shall be determined to have done at his own expense shall be credited to him at the contract rate; *provided*, that in making the assessment to cover the expense of any work mentioned in this section, the said Superintendent may deviate from its provisions, and assess such lots and lands fronting on any street, lane, alley, place, or court, as he may decide liable to assessment for said work, which decision may be appealed from as hereinafter provided.

Twelve. Section one of an Act entitled "An Act amendatory of and supplementary to an Act to provide Revenue for the support of the Government of this State," approved April twenty-ninth, eighteen hundred and fifty-seven, approved April nineteenth, eighteen hundred and fifty-nine, shall not be applicable to the provisions of this section, but the property therein mentioned shall be subject to the provisions of this Act, and to be assessed for work done under the provisions of this section.—[Amendment April 25, 1863.]

Sec. 9. After the contractor of any street work has fulfilled his contract to the satisfaction of the Superintendent or Board of Supervisors, on appeal, the Superintendent shall make an assessment to cover the sum due for the work performed and specified in such contracts (including incidental expenses, if any) in conformity with the provisions of the preceding section, according to the character of the work done, or, if any directions and decision shall be given by said Board on appeal, then in conformity with such direction and decision; which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with the incidental expenses, if any; the rate per front foot assessed; the amount of each assessment; the name of the owner of each lot, or portion of a lot (if known to the Superintendent); if unknown, the word "unknown" shall be written opposite the number of the lot, and the amount assessed thereon; the number of each lot, or portion of a lot, assessed; and shall have attached thereto a diagram, exhibiting each street, or street crossing, lane, alley, place, or court, on which any work has been done, and showing the relative location of each distinct lot, or portion of a lot, to the work done, numbered to correspond with the numbers in the assessments, and showing the number of feet fronting assessed for said work contracted for and performed.

Sec. 10. To said assessment shall be attached a warrant, which shall be signed by the Superintendent, and countersigned by the Auditor of said city and county, who, before countersigning it, shall examine the contract, the steps taken previous thereto, and the record of assessments, and must be satisfied that the proceedings have been legal and fair. The said warrants shall be substantially in the following form:

FORM OF THE WARRANT.

"By virtue hereof, I, [name of Superintendent] Superintendent of Public Streets and Highways of the City and County of San Francisco, and State of California, by virtue of the authority vested in me as said Superintendent, do authorize and empower [name of contractor] [his or their] agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be [his or their] warrant for the same. San Francisco, [date] 186—. [Name of Superintendent,] Superintendent of Public Streets and Highways. Countersigned by [name of Auditor] Auditor."

Said warrant, assessment, and diagram shall be recorded. When so recorded, the several amounts assessed shall be a lien upon the lands, lots, or portions of lots, assessed respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessments, and diagrams, all persons mentioned in section twelve of this Act shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the said Superintendent of the incidental expenses not previously paid by the contractor, or his assigns. And by virtue of said warrants, said contractor, or his agent or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessment.

Sec. 11. The contractor, or his agent or assigns, shall call upon the persons so assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor or his agent shall receipt the same upon the assessment, in presence of the person making such payment, and shall also give a separate receipt, if demanded. Whenever the persons so assessed, or their agents, cannot conveniently be found, or whenever the name of the owner of the lot is stated as "unknown," on the assessment, then the said contractor, or his agent or assigns, shall publicly demand payment on the premises assessed; the warrant shall be returned to the Superintendent within ten days after its date, with a return indorsed thereon, signed by the contractor, or his agent or assigns, verified upon oath, stating the nature and character of the demand, and whether any of the assessments

remain unpaid, in whole or in part, and the amount thereof; thereupon the Superintendent shall record the return so made, in the margin of the record of the warrant and assessment, and also the original contract referred to therein, if it has not already been recorded at full length in a book to be kept for that purpose in his office, and shall sign the record. All warrants, assessment lists, and diagrams heretofore issued or delivered by said Superintendent to any person or persons, shall be returned to said Superintendent within sixty days from and after the approval of this Act, and in all cases where warrants shall not be returned within the sixty days limited as aforesaid, any liens created thereby shall be and are hereby released and discharged, as if the same had been paid; *provided*, however, that in case any warrant is lost, upon proof of such loss a duplicate can be issued, upon which a return may be made. The Superintendent is authorized at any time to receive the amounts due upon any assessment list and warrant issued by him, and give a good and sufficient discharge therefor; and he may release any assessment upon the books of his office on the production to him of the receipt of the party, or his assigns, to whom the assessment and warrant was issued; and if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed.—[Amendment April 25, 1863.]

SEC. 12. The owner, contractor, or his assigns, and all persons, whether named in the assessment or not, and all persons directly interested in any work provided for in this Act, or in the said assessment, feeling aggrieved by any of the acts or determinations aforesaid of the said Superintendent in relation thereto, or having or making any objection to the correctness or legality of the assessment, shall, within fifteen days after the date of the warrant, appeal to the Board of Supervisors, as provided in this section, by briefly stating their objections in writing, and filing the same with the Clerk of said Board. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts or determinations objected to or complained of, shall be published for five days. The said Board may correct, alter, or modify said assessment in such manner as to them shall seem just, and may instruct and direct the Superintendent to correct said warrant, assessment, or diagram, in any particular, and to make and issue a new warrant, assessment, and diagram, to conform to the decisions of said Board in relation thereto, at their option. All the decisions and determinations of said Board upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to an appeal under the provisions of this section as to all errors and irregularities which said Board could have remedied and avoided. The said warrant, assessment, and diagram shall be held *prima facie* evidence of the regularity and correctness of the assessment, and of the prior proceedings and acts of the said Superintendent, and of the regularity of all the acts and proceedings of the Board of Supervisors upon which said warrant, assessment, and diagram are based.—[Amendment April 25, 1863.]

SEC. 13. At any time after the period of fifteen days from the day of the date of the warrant as hereinbefore provided, or if an appeal is taken to the Board of Supervisors, as is provided in section twelve of this Act, any time after five days from the decision of said Board, or after the return of the warrant or assessment, after the same may have been corrected, altered, or modified, as provided in section twelve of this Act, (but not less than fifteen days from the date of the warrant) the contractor or his assignee may sue, in his own name, the owner of the lands, lots, or portions of lots assessed, on the day of the date of the recording of the warrant, assessment, and diagram, or on any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining due and unpaid. Suit may be brought in any Court in said city and county having jurisdiction of the amount to recover which suit is brought; said Courts are hereby clothed with jurisdiction to hear and determine such actions. The said warrant, assessment, and diagram, with the affidavit of demand and non-payment, shall be *prima facie* evidence of such indebtedness and of the right of the plaintiff to recover in the action. The Court in which suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution, as in other cases of sale of real estate, by the process of said Courts; and on appeal, the Appellate Courts shall be vested with the same power to adjudge and decree a lien, and to order to be sold such premises on execution or decree, as is conferred on the Court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits now pending or hereafter to be brought to recover street assessments, the proceedings therein shall be governed and regulated by the provisions of this Act, and also, when not in conflict herewith, by the Civil Practice Act of this State. This Act shall be liberally construed to effect the ends of justice.—[Amendment April 25, 1863.]

SEC. 14. The Superintendent of Public Streets and Highways may require at his option, by notice in writing, to be delivered to them personally, or left on the premises, the owners, tenants, or occupants of lots, or portions of lots liable to be assessed for work done under the provisions of this Act, to improve forthwith any of the work mentioned in section three of this Act, in front of the property of which he is the owner, tenant, or occupant, to the center of the street, or otherwise, as the

case may require, specifying in said notice what improvement is required; in like manner to require such owner, tenant, or occupant, to remove all filth and dirt from the street in front of his premises; and also, by notice in writing, to be delivered to the principal agent or secretary of any street railroad, or to be left at the office of such railroad company, to require such company to improve forthwith any work mentioned in this Act which said company are required by law to do and perform. After the expiration of three days, the said Superintendent shall be deemed to have acquired jurisdiction to contract for the doing of the work, or improvements, or removing of filth and dirt required by said notice. If such improvement or cleaning be not commenced within three days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the said Superintendent may enter into a contract with any suitable person applying to make said improvements or cleaning, at the expense of the owner, tenant, or occupant, at a reasonable price, to be determined by said Superintendent, and such owner, tenant, [or] occupant shall be liable to pay the same. After the certificate referred to in section fifteen shall have been recorded, the sums contracted to be paid shall be a lien, the same as provided in section ten of this Act, and may be enforced in the same manner,—[Amendment March 31, 1866.]

SEC. 15. If the expenses of the work and material for such improvements, after the completion thereof, be not paid to the contractor so employed, or his agent, or assignee, on demand, the said contractor, or his assigns, shall have the right to sue the owner, tenant, or occupant, under the provisions of this Act, for the amount contracted to be paid, and the certificate of the Superintendent that the work has been properly done, and that the charges for the same are reasonable and just, shall be *prima facie* evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action.

SEC. 16. In addition, and as cumulative to the remedies above given, the Board of Supervisors shall have power, by resolution or ordinance, to prescribe the penalties that shall be incurred by any owner or person liable, or neglecting or refusing to make improvements when required, as provided in section fourteen of this Act, which fines and penalties shall be recovered for the use of the city and county, by prosecution in the name of the People of the State of California, as in other cases provided for in subdivision eleven of section fifteen, Chapter Four Hundred and Ninety-Three, on page five hundred and forty-four of the Statutes of said State, approved May eighteenth, eighteen hundred and sixty-one, and may be applied, if deemed expedient by the said Board, in payment of the expenses of any such improvements, when not otherwise provided for.

SEC. 17. The person owning the fee, or the person in possession, of lands, lots, or portions of lots, or buildings under claim, or exercising acts of ownership over the same, shall be regarded, treated, and deemed to be the "owner," (for the purposes of this law) according to the intent and meaning of that word as used in this Act; and in case of property leased, the possession of the tenant or lessee, holding and occupying under such person, shall be deemed to be the possession of such owner, and the person so defined to be such owner shall be personally liable for the payment of any charge or assessment lawfully made or assessed upon said lands, lots, or portions of lots, by said Superintendent, or contracted to be paid to the contractor for improvements to cover the expenses of any work done under and authorized by the provisions of this Act.

SEC. 18. Any tenant or lessee of the lands or lots liable, may pay the amount assessed against the property of which he is the tenant or lessee, under the provisions of this Act, or he may pay the price agreed to be paid, under the provisions of section fourteen of this Act, either before or after suit brought, together with costs to the contractor, or his agent, or assigns; or he may redeem the property, if sold on execution or decree, for the benefit of the owner, within the time prescribed by law, and deduct the amounts so paid from the rents due, and to become due, from him; and for any sum so paid beyond the rents due from him, he shall have a lien upon, and may retain possession of, the said lands and lots, until the amount so paid and advanced be satisfied, with legal interest, from accruing rents or by payment by the owner.

SEC. 19. The records, kept by the Superintendent of Public Streets and Highways, in conformity with the provisions of this Act, and signed by him, shall have the same force and effect as other public records, and copies therefrom, duly certified, may be used in evidence, with the same effect as the originals. The said records shall, during all office hours, be open to the inspection of any citizen wishing to examine them, free of charge.

SEC. 20. Notices in writing which are required to be given by the Superintendent, under the provisions of this Act, may be served by any Police Officer, with the permission of the Chief of Police, and the fact of such service shall be verified by the oath of the person making it, taken before the Superintendent, (who is hereby authorized to administer oaths) Police Judge, or any Judge, or Justice of the Peace; or such notices, whether verbal or written, may be delivered by the Superintendent himself. The Superintendent shall keep a record of the fact of giving such notices, when delivered by himself, personally, and also of the notices and proof of services, when delivered by any other person.

SEC. 21. When any street or portion of a street has been, or shall hereafter be constructed to the satisfaction of the Committee on Streets, Wharves, Grades and Public Squares, of the Board of Supervisors, and the Superintendent of Public Streets and Highways, and shall have a brick sewer constructed therein, under such regulations as said Board shall adopt, the same shall be accepted by the Board of Supervisors, and thereafter shall be kept open and improved by the said city and county, the expense thereof, together with all work done in front of city property, to be paid out of the Street Department Fund; *provided*, that the Board of Supervisors shall not accept of any portion of the street less than the entire width of the roadway, (including the curbing, and one block in length, or one entire crossing); and, *provided, further*, when the contract shall be awarded and the work performed by and under the authority of said city and county, and the street, or portion thereof so constructed and sewered, if done in a workmanlike manner, should be accepted by the Board of Supervisors, the owners of property thereon shall not be compelled to pay for such work until the same shall be accepted. The Superintendent of Public Streets and Highways shall keep in his office a register of all accepted streets, the same to be indexed, so that reference may be easily had thereto.—[Amendment March 31, 1866.]

SEC. 22. The said Superintendent shall keep a public office in some convenient place, to be designated by the Board of Supervisors, and his office shall be kept open as in this Act required. He shall not, during his continuance in office, follow any other profession or calling, but shall be required to devote himself exclusively to the duties of his office. He shall be allowed, at the discretion of the Board of Supervisors, not less than three nor more than six Deputies, to be by him appointed from time to time; three of said Deputies shall receive a salary not exceeding one hundred and fifty dollars each, and three a salary not exceeding one hundred and twenty-five dollars, per month. It shall be lawful for the said Deputies to perform all or any of the duties conferred by this Act upon the Superintendent of the Public Streets and Highways, under the direction of the said Superintendent, except the acceptance or approval of work done. The Superintendent of Public Streets and Highways, or his Deputies, shall superintend and direct the clearing of all sewers in the public streets, and the expenses of the same shall be paid out of the Street Department Fund in the same manner as provided for the improvements of streets that have been finally accepted as in this Act provided.—[Amendment April 25, 1863.]

SEC. 23. It shall be the duty of the said Superintendent to see that the laws, orders, and regulations relating to the public streets and highways, are carried into execution, and that the penalties therefor are rigidly enforced. It is required that he shall keep himself informed of the condition of all public streets and highways, and also of all public buildings, parks, lots, and grounds, of the said city and county, as may be prescribed by the Board of Supervisors. He shall, before entering upon the duties of his office, give bonds to the city and county, in such sum as may be fixed by the Board of Supervisors, conditioned for the faithful discharge of the duties of his office; and should said Superintendent fail to see that the laws, orders, and regulations, relating to the public streets and highways, are carried into execution, after notice from any citizens of a violation thereof, the said Superintendent and his sureties shall be liable upon his official bond, to any person injured in his person or property, in consequence of said official neglect.

SEC. 24. No recourse shall be had against said city and county for damages to person or property suffered or sustained by or by reason of the defective condition of any street or public highway of said city and county, whether originally existing, or occasioned by construction, excavation, embankment, or want of repair of such street or public highway, and whether such damage be occasioned by accident on said street or public highway, or by falling from or upon the same. But if any person, while carefully using any street or public highway of said city and county graded, or in course of being graded, or carefully using any other street or public highway leading into or crossing the same, be injured, killed, lost, or destroyed, or any horses, animals, or other property, be lost, injured, or destroyed, through any defect in said street or public highway, graded, or in course of being graded as aforesaid, or by reason of any excavation or embankment in or of the same, or by falling from or upon such embankment or excavation, then the person or persons upon whom the law may impose the duty either to repair such defect or to guard the public from the excavation, embankment, or grading aforesaid, and also the officer or officers through whose official neglect such defect remained unimpaired, or said excavation or embankment remained ungraded as aforesaid, shall be jointly and severally liable to the person or persons injured for the damage sustained.—[Amendment April 25, 1863.]

SEC. 25. The City Surveyor shall be the proper officer to do the surveying and other work which may be necessary to be done under sections one and two of this Act, and to survey, measure, and estimate the work done under contracts for grading streets; and every certificate of work done by him, signed in his official character, shall be *prima facie* [evidence] in all the Courts in this State, of the truth of its contents; he shall also keep a record of all surveys made under the provisions of section one of this Act, as in other cases; the Superintendent shall

measure and determine any other work which may be done under the provisions of this Act.

Second. The words "improve," "improved," and "improvements," as used in this Act, shall include all necessary repairs of all work mentioned in section three of this Act, and also the reconstruction of all, or any portion, of said work.

Third. The term "main street," as used in this Act, means such street or streets as bound a block; the term "street" shall include crossings.

Fourth. The word "block" shall mean the blocks which are known or designated as such on the map and books of the Assessor of said city and county.

Fifth. The term "incidental expenses" shall mean the expense for work done by the City Surveyor, under the provisions of this Act; also, the expense of printing, measuring and advertising the work done under contracts for grading, and the expense of superintendence of sewers, and of piling and capping, and repiling and recapping, paving and repaving, [and] macadamizing.

Sixth. The publication of notices, required by the provisions of this Act, shall be published daily, (Sundays excepted), in the newspaper doing the printing by contract for said city and county.—[Amendment March 31, 1866.]

SEC. 26. *First.* All assessments hereafter to be made, to cover the expense of work provided for by contracts awarded prior to the first day of June, eighteen hundred and sixty-one, and after George T. Bohlen became the acting Superintendent, shall be assessed as provided by the law in relation thereto, and in force at the time said work was awarded; and all assessments heretofore made by George T. Bohlen, as Superintendent, under said laws, to cover the expense of such work, shall be deemed and held to have been assessed under the proper law.

Second. All assessments hereafter to be made to cover the expense of work provided for by contracts awarded on and after the first of June, eighteen hundred and sixty-one, shall be assessed according to the provisions of this Act.

SEC. 27. The Superintendent shall appoint a person or persons, suitable to take charge of and superintend the construction or improvement of each and every sewer, and of piling and capping, and repiling and recapping, paving and repaving and macadamizing, whose duty it shall be to see that the contract made for the doing of said work is strictly fulfilled in every respect, and in case of any departure therefrom, to report the same to said Superintendent. He shall be allowed, for his time actually employed in the discharge of his duties, such compensation as shall be just, but not to exceed five dollars per day. The sum to which the party so employed shall be entitled, shall be deemed to be incidental expenses within the meaning of those words, as defined in this Act; *provided*, that the owners of more than one-half of the frontage of the lots and lands fronting on the work proposed to be done under this section, may, within forty-eight hours after the work has been commenced, appoint their own superintendent of the work, and provide for his compensation by private agreement.—[Amended March 31, 1866.]

The Board of Supervisors, upon receiving a petition for that purpose from the owners of a majority of the property on any one or more blocks, estimating the property by the front foot, in that portion of the City and County of San Francisco lying west of Larkin Street and southwest of Ninth Street, may order the grading or other improvement of such street or streets in accordance with the prayer of the petitioners, and without reference to the official width or grade of such street or streets, and in the same manner as other street improvements provided for in this Act; *provided*, that no street shall be raised above or cut below the official grade.—[Amendment April 25, 1863, Sec. 10.]

SEC. 28. All notices, orders, resolutions, advertisements, or other matters required or authorized by any law of this State to be published, the publication of which was by order of any Court of this State, or by contract with the said city and county, commenced in either the Daily or Weekly Mirror, or Weekly San Francisco Herald, newspapers published in the said city and county, and subsequently continued and ended in the Daily or Weekly Herald and Mirror, also published in said city and county, as the case may be, shall be taken, deemed, and held, by all the Courts in the State, to have been legally published, the same as if the publication had been completed in the paper in which it was originally commenced; and when any such publication shall hereafter be completed and ended in said Daily or Weekly Herald and Mirror, the same shall be taken, deemed, and held by said Courts to have been legally published, as aforesaid, and all notices, orders, resolutions, advertisements, or other matters, required or authorized by any law of this State to be published, and which H. Wheelock, the proprietor of the Daily and Weekly Mirror, (a newspaper lately published in the City and County of San Francisco) agreed to publish, by virtue of a contract made with said city and county, may be published in the Daily and Weekly Herald and Mirror, as the case may require, a newspaper now published in said city and county, during the existence of said contract; and all such notices, orders, resolutions, or other matters which have been heretofore published, or which are now being published, or which shall hereafter be published, in said Herald or Mirror, during the existence of said contract, shall be taken, deemed, and held to be legal and valid in all the Courts of this

State, to all intents and purposes, the same as if they had been published in the Daily or Weekly Mirror, and the said Daily Mirror and the San Francisco Herald had not been consolidated, under the name of Herald and Mirror.

Said Nicolson pavement shall not cost to exceed twenty-eight cents in gold or silver coin per square foot.

ARTICLE V.

SUPERVISORS.

SEC. 65. The Supervisors, in their respective districts, shall vigilantly observe the conduct of all public officers, and take notice of the fidelity and exactitude, or the want thereof, with which they execute their duties and obligations, especially in the collection, custody, administration, and disbursement of public funds and property; for which purpose the books, records, and official papers of all officers and magistrates of such district shall at all convenient times be open to their inspection. They shall take care that the books and records of all officers in their districts are kept in legal and proper form. They shall have power, and it shall be their duty, every month, to examine the accounts of any officer of their respective districts, having the collection and custody of the public funds, to examine and count over the moneys remaining in the hands of such officers, and shall note any discrepancy or defalcation that may be discovered, or reasonably suspected, and report the same forthwith, together with any willful official negligence or misconduct on the part of any such officer, to the President of the Board of Supervisors.

SEC. 66. At every regular session of the Board of Supervisors, before proceeding to other business, each member shall be called upon to report, orally, upon the matters specified in the preceding section; to give information of the condition of his district, in regard to public schools, streets, roads, and highways, health, police, industry, and population; and to suggest any defects he may have noticed in the laws and regulations, or the administration thereof, and the means of remedying them.

SEC. 67. The Supervisors shall meet within five days after each annual election, and also on

the first Monday of January, April, July, and October, of each year, and at such other times as specially required by law; or they may, for urgent reasons, be specially convoked by the President of the Board of Supervisors. A majority of all the Supervisors to be elected in the several districts shall constitute a quorum to do business; and no regulation, resolution, ordinance, or order of the Board can pass without the concurrence of a majority of all the members elected; but a smaller number may adjourn from day to day. All the sessions, acts, and resolutions of the Board shall be public. The said Board of Supervisors shall thereupon make an order directing some officer or officers of said city and county, to be designated in said order, to ascertain and report to them an estimate of the whole expense of the said improvements. Upon such report being made, the said Board of Supervisors shall pass an order requiring all persons interested in the subject matter of the said improvement to attend the said Board of Supervisors at a time fixed by the said Board of Supervisors, and to be specified in said order for that purpose. The said Board of Supervisors shall cause all such orders, resolutions, ordinances, and reports, to be published together daily, for one week, in two daily newspapers, published in the said City and County of San Francisco. After the completion of such publication, and upon proof thereof, and at the time appointed therefor as aforesaid, the said Board of Supervisors shall proceed to hear the allegations of the owners and occupants of the houses, lots, and land, situated within the portion or part of the said city and county so described as aforesaid, and after hearing the same, shall make such further order in respect to such improvement as they shall deem proper.

SEC. 2. If the said Board of Supervisors shall determine to proceed with such contemplated improvement, they shall thereupon pass and enter in their minutes a final ordinance or resolution, declaring such determination, containing a description of the land deemed necessary to be taken therefor, and also of that portion of the said city and county and those railroad corporations and companies, if any, which will be benefited by said improvement, and upon which the expense thereof is to be assessed, which description shall contain the certainty and particularity required in that behalf in the next preceding section of this Act.

SEC. 3. In case all the land so declared necessary for such public improvement shall be so purchased and conveyed to said city and county, and the expense of such improvement shall have been declared in manner aforesaid to be a benefit to and the expense thereof to be assessed upon the whole of said city and county, the said Board of Supervisors shall cause the expenses of the said contemplated public improvement to be assessed upon the whole of the taxable property of said city and county.

and to be included in and form a part of the next general assessment roll of said city and county, being stated in a separate column thereof, and with the like effect in all respects as if the same formed a part of the State and county taxes; and when the same shall have been collected the said Board of Supervisors shall cause the said contemplated public improvement to be forthwith made and completed.

SEC. 4. The said Board of Supervisors shall cause a map of said contemplated public improvement to be made, designating on such map the lots, tracts, and parcels of land which shall have been declared necessary to be taken for the same as aforesaid, and showing the commencement, boundaries, and determination of such contemplated improvement, and also the part and portion of said city and county, the corporations and companies as aforesaid, declared to be benefited by the same, and to be assessed therefor, with the like certainty as required by the first section of this Act, which map shall be filed in the office of the Clerk of said Board of Supervisors.

In case a part or portion of said city and county, and not the whole of said city and county, shall [have] been declared to be benefited by such contemplated improvement, and to be assessed for the expense thereof, as hereinbefore provided, the said Board of Supervisors shall cause to be published daily for one week, in the official newspaper of said Board in said city and county, a notice specifying and describing the land so declared necessary for such public improvement, and the portion of the said city and county, corporations and companies, so declared to be benefited by the making thereof, and to be assessed for the expenses thereof, and that the damages and recompense to which the owner or owners of such land may be entitled for the same, will be inquired into and determined, and that such damages and recompense, together with the costs and charges of the proceedings for the purpose of acquiring title to such lands and making appointment [apportionment] thereof, will be apportioned and assessed upon the owners and occupants of houses, lots, and other real estate, corporations, and companies, to be benefited thereby, by Commissioners to be appointed by the County Court of the County of San Francisco in the exercise of its civil jurisdiction, at a day in some term thereof to be specified in such notice, not more than ten nor less than three weeks from the first publication thereof. The said Board of Supervisors shall cause a copy of such notice to be served upon each of the aforesaid corporations and companies, and each of the owners of the respective parcels of land to be taken for such improvement, and of the lands and tenements within the territory declared to be benefited by such improvement, who are residents of said city, so far as the same can be ascertained, and upon each of the occupants of each of said parcels, if such there be, and upon the usual Agents and Attorneys who shall theretofore have had charge of such lands of such owners as may be nonresidents of the said city and county, if such Agents or Attorneys may be found in said city and county; and in case any of such parcels of land are vacant, then by affixing a copy of such notice in some conspicuous place thereon, at least ten days previous to the day specified in said notice for the appointment of such Commissioners by the said County Court. The service and posting of such notices may be proved by the affidavit of any male citizen of this State, of full age, and disinterested in the proceedings, taken and certified by any officer authorized to administer affidavits to be read in Courts of Justice in this State, or by the certificate of the Sheriff of said city and county, as in proceedings in civil cases, and such affidavit and certificate in the respective case shall be received as evidence of the circumstances required by this section to be shown in regard to such service as alternative with personal service or as a substitute therefor.

At the day in such notice specified, or on any other day to which the same may be adjourned by the said Court, the said Court, after ascertaining to its own satisfaction that said notices have been duly served and published, or that sufficient reason for nonservice thereof personally, has been shown by affidavit or Sheriff's certificate, as hereinbefore provided, and upon hearing the Attorney and Counsel for the said city and county, and any parties interested who may appear for that purpose, shall appoint three discreet freeholders of said city and county, not interested in any of the lands and tenements described in the said notice, nor of kin to any owner or occupant thereof. The said Court may at any time remove any or all of said Commissioners for cause, upon reasonable notice and hearing, and may fill any vacancies occurring among them for any causes.

SEC. 7. The said Commissioners shall be sworn faithfully to discharge their duties according to the provisions of this Act without favor or partiality; they shall proceed to view the lands

and tenements mentioned and described in the notice, ordinances, resolutions, and map aforesaid, and may examine witnesses on oath, to be administered by any one of them, and shall keep minutes of the testimony so taken by them. In case of any controversy or doubt respecting any legal principle involved in their proceedings, or in any determination to be made by them, they shall apply to the said County Court for instructions, and shall enter upon their minutes the substance of any charge or instruction given them by the Court. They shall appraise the damages which the owner or owners, and if there be any occupants who are not owners, which such occupants of the lands and tenements to be taken for such public improvement will severally sustain by being deprived thereof, and shall apportion and assess the whole amount of such damages, together with the costs and charges of the Board of Supervisors in the proceedings to be taxed and allowed by the said Court, upon all the owners and occupants of lands and houses within the territory deemed by the resolution of the Board of Supervisors to be benefited by such improvement, as near as may be in proportion to the benefit which each shall be deemed to acquire by the making thereof; *provided*, that no damage shall be allowed for the injury, removal, or demolition of any building erected on any of said lands after the filing of said map; and, *provided*, further, that when any street, or part of any street, in the said city and county occupied or used by the track of any railroad company shall require to be altered or widened for the convenience of public travel, and proceedings for the altering or widening the same shall have been taken under the provisions of this Act, it shall be lawful for the Commissioners appointed as in this Act provided, and whose duty it may be to make a just and equitable assessment of the whole amount of costs, damages, and expenses of such altering or widening among the owners of all the lands and real estate intended to be benefited thereby, to assess such portions of such costs, damages, and expenses upon the corporation or company owning or using said railroad track, as shall to them seem equitable and just, and such assessment shall be a lien upon any property of said corporation or company in the said city and county, and may also be enforced in the same manner as the assessment upon such owners of lands and real estate intended to be benefited thereby.

SEC. 8. The said Commissioners shall make a report thereof under their hands, or the hands of a majority of them, to the said County Court, in which report they shall describe, with all practicable certainty, the several pieces and parcels of land taken for such improvement, and the names and residences of the owner or owners thereof, respectively, and the rights of such owners, so far as they can be ascertained, designating unknown owners, if any such there be, and the sum of money which should be paid to each of the owners and occupants of the said several parcels of land, or his or their recompense for being deprived thereof, or of his or their estate and interest therein, including any and all lands purchased by, and conveyed to said city and county, for the purposes of said improvement, as hereinfore provided, and the cost and expense thereof. They shall also in such report specify, in the form prescribed by law for assessment rolls in said City and County of San Francisco, the sums of money which each and every owner or occupant of houses and lands, corporation or company, deemed to be benefited by such improvement, whether known or unknown, as aforesaid, should pay towards the expense of making the same, and the lands in respect to which he shall be deemed to be so benefited; and in case the land in respect to which any person shall be deemed benefited, shall be the same of which any portion held by him under the same title shall be taken for such improvement, that fact shall be stated in their report; they shall also file a duplicate of such report in the office of the Clerk of said city and county.

SEC. 9. Upon the filing of such report, the said Court shall assign a day for hearing objections to the confirmation thereof; and on the day assigned, or on such other day or days to which the same shall be adjourned by said Court, shall hear the allegations of all persons interested, and may take proof in relation thereto, from time to time, and shall confirm the said report, or may set the same aside and refer the matter to the same or to new Commissioners, who shall thereupon proceed as hereinbefore provided.

SEC. 10. Upon the confirmation of the report of Commissioners of Appraisal and Assessments, the said County Court shall enter an order that the City and County of San Francisco shall be entitled to take the lands and tenements specified in the report of such Commissioners as necessary for the making of such public improvement, on paying the amount of damages assessed to the owners and occupants thereof, in such report; and where any damages shall be awarded, and any assessments for benefits of the improvements in respect to which such damages are awarded, shall be made upon the same person or persons, or in respect to the ownership of any entire parcel of land, a part of which shall be taken for such improvements, in that case the said City and County of San Francisco shall become vested with the title of such lands, (free from all incumbrances) upon paying or depositing, according to the law, the amount of the difference between the sums of money so awarded and assessed.

SEC. 11. The said Commissioners shall be entitled to compensation for their services, under

this Act, to be certified by the said County Court, and taxed by said Court as a part of the expenses of the proceedings.

SEC. 12. Any person conceiving himself aggrieved by any part of such report that shall have been confirmed by said County Court, may, within one month after such confirmation, give notice to the said Board of Supervisors and to the Clerk of said County Court, of his intention to appeal to the Supreme Court, to review the said report, or the proceedings of the said Commissioners, or of the said County Court, or of any or of all of them, upon matters of law, and to correct the said report. Said notice shall specify the grounds of such appeal with sufficient certainty, and shall be accompanied by the undertaking or deposit provided for in section three hundred and forty-eight of the Act to regulate proceedings in Courts of Justice in this State, commonly known as the Civil Practice Act. When the party appealing shall desire a statement to be annexed to the record, the same shall be prepared as in other appeals in civil cases with the like effect, and any portion of the testimony taken by the Commissioners or Judge, or of the minutes of the Commissioners pertinent to the appeal, may be inserted in such statement.

SEC. 13. The giving of such notice and filing of such undertaking, or making such deposit, shall suspend all further proceedings of the Board of Supervisors in relation to the taking of the lands and tenements which shall be the subject of such notice, until a decision thereon, as hereinafter provided. The Supreme Court shall proceed to hear such appeal, giving the same such procedure as may be consistent with the dispatch of public business in the said Court, and may confirm, correct, modify, or set aside such report, in whole or in part; may direct the Commissioners to proceed and revise the same upon principles declared by the said Supreme Court; and in case a new report is made by the Commissioners under such direction, the same shall be subject to the same confirmation by the County Court, and to the like appeal, with the like effect, respectively, as hereinbefore provided.

SEC. 14. In case the said report so made and confirmed as aforesaid in the said County Court shall be confirmed in the Supreme Court, the obligors in the undertaking given to the said city and county as before provided, shall be liable to pay all the taxable costs necessarily incurred on said appeal; and in case the said report shall be corrected or modified, the Supreme Court shall determine under the circumstances of the case whether the appellant shall be entitled to his costs and expenses; and if the same be awarded to such appellant they shall be paid on taxation by the Board of Supervisors of said city as part of the contingent expenses of the proceeding.

SEC. 15. Whenever the amount of damages for taking any lands as aforesaid and assessment thereof shall be finally ascertained and fixed, either by confirmation of the County Court as aforesaid, and no notice and undertaking being given as hereinbefore prescribed, or by the confirmation, correction, or modification of the report of the Commissioners by the Supreme Court, the Mayor of the said city shall cause a transcript to be made, and in the form used for assessment rolls in said city, except that in such assessment roll to be made from such report as confirmed shall be set down in separate columns:

First. The names of all persons, corporations, and companies assessed, when known, and if not known, then that fact to be stated.

Second. The description of the land in respect to which they are assessed.

Third. The amount to which such persons shall respectively be assessed.

Fourth. The amount of damages, if any, to which such persons are respectively entitled by the award of the commissioners.

Fifth. The amount of the excess, if any, to be collected; to which such transcript, when so made, the Mayor shall annex his warrant, and the same shall be thereupon collected in the manner then prescribed by law for the collection of general taxes in said city and county, and shall in like manner be a lien upon the respective tracts and parcels of land, corporations, and companies, as aforesaid.

SEC. 16. The expenses of any public improvement herein authorized shall be defrayed by assessment on the owners and occupants of houses and lands, corporations and companies, that may be benefited thereby.

SEC. 17. Whenever the amount of any damages for taking any lands as aforesaid shall be finally ascertained and fixed, either by confirmation of the County Court as aforesaid, and no notice and undertaking being given within the time above prescribed, or by the confirmation thereof by the Supreme Court, it shall be the duty of the said Board of Supervisors to cause the said damages and the other expenses of said improvement to be collected upon the said assessment roll as aforesaid, and when so collected they shall forthwith pay the amount of such damages to the owners and occupants of lands and tenements, or to persons having any liens thereon to whom the same shall have been allowed; and in case such owners be unknown non-residents of the said city, married women, infants, idiots, or lunatics, or the rights and interests of persons claiming the same shall, in the opinion of the Board of Supervisors, be doubtful, it shall be lawful for the said Board of Supervisors in any such case to pay the amount of such damages into the office of the Clerk of the said County Court, accompanied by a statement of the facts and circumstances

under which said payment is made, and describing the lands and tenements taken by the said City and County of San Francisco for which such damages have been awarded; but the City and County of San Francisco shall not be liable for any expense of such public improvement beyond the moneys actually collected for the same, except as hereinbefore provided.

SEC. 18. Until such damages shall be paid as aforesaid, it shall not be lawful for the said Board of Supervisors, or any of their officers or agents, to take or enter upon any lands or tenements for the taking of which any such damages shall have been allowed.

SEC. 19. Upon any such damages being paid into the said County Court, the said Court shall take order for the investment thereof and of the interest arising thereupon after the manner of Courts of Equity in regard to trust funds deposited therein, and shall cause the securities taken on such investments to be transferred, and the money on hand to be paid over to the persons entitled to such damages, their guardians, or legal representatives, in the manner prescribed by law respecting moneys belonging to doubtful or unknown owners, and deposited in District Courts, and the same proceedings in all respects shall be had to ascertain the rights and interests of such persons.

SEC. 20. If any title attempted to be acquired by virtue of this Act shall be found to be defective from any cause, the said Board of Supervisors may again institute proceedings to acquire the same, as in this Act provided, or if proceedings have been had in the said County Court in regard to such public improvements as herein provided, may summon the owner, occupant, or claimant of such lands to appear, in the first instance in such County Court, and show cause why Commissioners should not be appointed and proceedings thereafter had from that point in and by said Court in relation to said lands as herein provided. Upon the return of such new proceedings so had by the Board of Supervisors as hereinbefore provided, or upon the return of a summons duly served in the respective case, the said County Court shall have and take jurisdiction of the proceedings, and such proceedings shall be thereafter had in the same by said Court from that point as hereinbefore provided, and with the like effect. At any stage of such new proceedings, or of any proceedings under this Act, the said County Court, or the Judge thereof at Chambers, may, by an order made in that behalf, authorize the said city and county, if already in possession of any of such lands, to continue in such possession and the use thereof for the purposes of such improvements; *provided*, said city and county shall pay a sufficient sum into Court, or give security, to be approved by said County Court or Judge, to pay the compensation in that behalf when ascertained.

SEC. 21. This Act shall not be construed to repeal An Act to confer further powers upon the Board of Supervisors of the City and County of San Francisco, passed April twenty-fifth, eighteen hundred and sixty-three, but the provisions of that Act shall be held not to apply to the proceedings provided for in this Act. The General Fund consists of all moneys in the treasury not designated and set apart by law to a specified use, and of the surplus of any Special Fund remaining after the satisfaction of all demands upon it. The Surplus Fund consists of any moneys belonging to the General Fund remaining in the treasury after the satisfaction of all demands due and payable, which are specified in the first fourteen subdivisions in section ninety-five. The fiscal year shall be the same as that of the State.

Sec. 77. All taxes assessed upon real and personal property in said city and county, shall be payable and be paid directly to the Treasurer thereof; and in default of such payment before the time when the Tax Collector may be authorized by law to seize and sell the property therefor, the said Tax Collector shall proceed to collect said taxes, together with his legal fees, by seizure and sale of the property liable in the mode prescribed by law for the collection of such State and county taxes. The taxes due, however, may be paid to the said Treasurer at any time before the property is sold, and on production to the Tax Collector of the proper receipt and payment of his legal fees for services rendered up to that time, such property shall be discharged.

Sec. 78. The Tax Collector, upon the final settlement to be made by him as such Tax Collector, according to the requirements of the law, shall be charged with, and shall pay into the hands of the Treasurer, the full amount of all taxes by him collected and not previously paid over, without any deduction of commissions, fees, or otherwise; he shall also be charged with, and be deemed debtor to the treasury for the full amount of all taxes due upon the delinquent list delivered to him for collection, unless it be made to appear that it was out of his power to collect the same by levy and sale of any property liable to be seized and sold therefor; if the impossibility to collect any portion of such delinquent taxes have resulted from an irregularity or defect in the assessment, then the Assessor, whose duty it was to make the assessment, shall

liable and be deemed debtor to the treasury for the amount remaining uncollected for that use.

SEC. 79. At the closing up of the same, each day, he shall take an account and enter in the proper book, the exact amount of money on hand, and at the end of every month shall make and publish a statement of all receipts into, and payments from, the treasury, and on what account. If he violate any of the provisions of this section, he shall be considered a defaulter, and shall be deemed guilty of a misdemeanor in office, and be liable to removal, and shall be proceeded against accordingly; if he loan or deposit said moneys, or any part thereof, contrary to the provisions of this section, or apply the same to his own use or to the use of any other person, in any manner whatsoever, or suffer the same to go out of his personal custody, except in payment of audited demands upon the treasury, he shall be deemed guilty of felony, and on conviction thereof, shall suffer imprisonment in the State Prison for a period of less than three or more than ten years.

SEC. 80. The Treasurer shall keep the moneys belonging to each fund separate and distinct, and shall, in no case, pay demands chargeable against one fund out of the moneys belonging to another, except as otherwise provided in this Act, without an express order of the Board of Supervisors, which can only be made at or after the third regular session, held during the fiscal year, by a vote of two-thirds. The said Treasurer shall give his personal attendance at his public office during the office hours fixed in this Act; and if he absent himself therefrom, except on account of sickness or urgent necessity, during such office hours, he shall lose his salary for the entire day on which he was absent.

SEC. 81. Repealed.—[See Act of the Legislature, March 28, 1859.]

SEC. 82. No payment can be made from the treasury or out of the public funds of said city and county, unless the same be specifically authorized by this Act, nor unless the demand which is paid, be duly audited, as in this Act provided, and that must appear upon the face of it. No demand upon the treasury shall be allowed by the Auditor in favor of any person or officer in any manner indebted thereto, without first deducting the amount of such indebtedness, nor to any person or officer having the collection, custody, or disbursement of public funds, unless his account has been duly presented, passed, approved, and allowed, as required in this Act; nor in favor of any officer who shall have neglected to make his official returns or his reports, in writing, in the manner and at the time required by law, or by the regulations established by the Board of Supervisors; nor to any officer who shall have neglected or refused to comply with any of the provisions of this or any other Act of the Legislature, regulating the duties of such officer, on being required in writing, to comply therewith, by the President of the Board of Supervisors, or the Supervisor of the respective district; nor in favor of any officer for the time he shall have absented himself without lawful cause, from the duties of his office during the office hours prescribed in this Act; and the Auditor may examine any officer, receiving a salary from the treasury, on oath, touching such absence.

SEC. 83. The term "audited," as used in this Act with reference to demands upon the treasury, is to be understood their having been presented to, and passed upon, by every officer and Board of officers, and finally allowed as required by law; and this must appear upon the face of the paper representing the demand, or else it is not audited. The term "law or laws," as used in this Act, is never to be understood as applicable to any regulation of the Board of Education, or of the Board of Supervisors, or Board of Delegates of the Fire Department, but only applicable to the constitution and the laws made or adopted by the Legislature in pursuance hereof.

SEC. 84. Every demand upon the treasury, except the salary of the Auditor, and including the salary of the Treasurer, must, before it can be paid, be presented to the Auditor of the city and county to be allowed, who shall satisfy himself whether the money is legally due and remains unpaid, and whether the payment thereof from the treasury in the city and county is authorized by law, and out of what fund. If he allow it he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, with the date of such allowance, and sign his name thereto; but the allowance or approval of the Auditor, or of the Board of Supervisors, or any other Board, or officer, of any demand, which upon the face of it appears not to have been expressly made by law payable out of the treasury or fund to be charged therewith, shall afford no warrant to the Treasurer or other disbursing officer for paying the same. No demand can be approved, allowed, audited, or paid, unless it specify each several item, date, and value composing it, and refer to the law by title, date, and section authorizing the same.

SEC. 85. The demand of the Auditor for his monthly salary shall be audited and allowed by

the President of the Board of Supervisors. All other monthly demands on account of salary fixed by law, and made payable out of the treasury of said city and county, may be allowed the Auditor without any previous approval. All demands payable out of the School Fund must, before they can be allowed by the Auditor, or paid, be previously approved by the Board of Education, or by the President thereof, and Superintendent of Common Schools acting under the express authorization of said Board. Demands for teachers' wages or other expenses appertaining to any school, cannot be approved, allowed, or audited, to an amount exceeding the share of school money which such school will be entitled to have apportioned to it during the current fiscal year. Demands for monthly pay of Police Captains and Officers must, before they can be allowed by the Auditor or paid, first be approved by the Police Judge and Chief of Police, if they refuse or cannot agree, then by the Board of Supervisors. All other lawful demands payable out of the treasury, or any public funds of said city and county, and not hereinbefore in this section specified, must, before they can be allowed by the Auditor, or in any manner recognized or paid, be first approved by the Board of Supervisors; or, if the demand be under two hundred dollars, by the President and two members thereof, appointed by the Board for that purpose, with power to act under and subject to its instruction and regulations during the receipt of the said Board. The Auditor must number and keep a record of all demands on the treasury allowed by him, showing the number, date, amount, and name of the original and present holder, on what account allowed, out of what fund payable, and, if previously approved, by what officers, or Board it has been so approved; and it shall be deemed a misdemeanor in office if the Auditor to deliver any demand with his allowance thereon, until this requisite shall have been complied with.—[Amendment April 18, 1857.]

SEC. 86. The President of the Board of Supervisors, Auditor, Chief of Police, President of the Board of Education, and each Supervisor, shall have power to administer oaths and affirmations concerning any demand on the treasury, or otherwise relating to their official duties. Every officer who shall approve, allow, or pay any demand on the treasury not authorized by this Act, shall be liable to the city and county, individually, and on his official bond, for the amount of the demand so illegally approved, allowed, or paid. Every citizen shall have the right to inspect the books of the Auditor, Treasurer, and Clerk of the Board of Supervisors, any time during business hours. Copies, or extracts from said books, duly certified, shall be given by the officer having the same in his custody, to any citizen demanding the same, at a paying or tendering sixteen cents per folio of one hundred words for such copies or extracts.—[Amendment April 18, 1857.]

SEC. 87. The Auditor is the head of the Finance Department of the city and county, and such is required to be constantly acquainted with the exact condition of the treasury, and every lawful demand upon it. He shall keep a public office, and give his personal attendance there daily, during the office hours fixed in this Act, and shall not be permitted to follow or engage in any other occupation, office, or calling, while he holds said office; if he absents himself from his office during such office hours, except on indispensable official business, or urgent necessity he shall lose his salary for the day, and it shall be a part of his official duty to keep accounts at the times and occasions when he shall be so absent from duty.

SEC. 88. Every lawful demand upon the treasury, duly audited, as in this Act required, shall in all cases be paid on presentation and canceled, and the proper entry thereof be made, if there be sufficient money in the treasury belonging to the fund out of which it is payable; but if there be not sufficient money belonging to said fund to pay such demand, then it shall be registered in a book to be kept by the Treasurer for that purpose, showing its number, when presented, date, amount, name of the original holder, and on what account allowed, and out of what fund payable; and being so registered, shall be returned to the party presenting it with an indorsement of the word "registered," dated and signed by the Treasurer.

SEC. 89. Whenever any audited demand has been presented to the Treasurer and not paid, and it be made known to the President of the Board of Supervisors, he shall proceed immediately to investigate the cause of such non-payment; and if it be ascertained that the demand has been illegally and fraudulently approved or allowed, he shall cause the officer guilty of such illegal and fraudulent approval or allowance, to be proceeded against for misconduct in office. If he ascertain that the demand has been duly audited, and that the Treasurer has funds applicable to the payment thereof, which, without reasonable grounds for doubt as to the legality of such payment, he refuses to apply thereto, he shall proceed against him as a defaulter; if it be ascertained that the demand was not paid for want of funds, then he shall cause the Sheriff or Tax Collector or other officer or person or persons, who ought to have collected or to have paid the money into the treasury, if they have been grossly negligent therein, to be proceeded against according to law, and without any delay.

SEC. 90. The salaries, fees, and compensations of all officers, including policemen and employes of all classes, and all teachers in common schools, or others, employed at fixed wages shall be payable monthly; and any demand whatsoever upon the treasury hereafter accruing

shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or if it be a demand which has to be passed and approved by the Board of Supervisors, or Board of Education, then, within one month after the regular session of the proper Board, held next after the demand accrued, or unless the Board of Supervisors shall, within six months after the demand accrued as aforesaid, on a careful investigation of the facts, certify that the same is in all respects just and legal, and that the presentation of it as above required was not in the power of either of the original party interested, or his agent, or the present holder, in which case it shall be barred in the same manner, unless presented for payment within twenty days thereafter.

SEC. 91. The Treasurer, for money received into the treasury, and all other officers of said city and county receiving money from the Treasurer for disbursement, shall give receipt for all moneys by them received, which receipt shall be presented to, and countersigned by the Auditor. The Auditor, before countersigning any such receipt, shall number it, and make an entry in a book of record, to be kept in his office for that purpose, of the number, date, and amount, by whom, and in whose favor given, and on what account. No such receipt shall be valid as evidence in favor of the person or officer receiving it, till presented to the Auditor and countersigned as aforesaid; and any person or officer using, or offering to use, such receipt as evidence in favor of such person or officer, of the payment specified in it, without being first countersigned as above required, shall forfeit to the said city and county double the amount of money specified in such receipt.

SEC. 92. If any person feel aggrieved by the decision of the Auditor, or other proper officer or officers of said city and county, except the Board of Education, in the rejection of, or refusal to approve or allow, any demand upon the treasury, presented by such person, he may appeal, and have the same passed upon by the Board of Supervisors, whose decision thereon shall be final; and if the said Board shall approve and allow the demand, it shall afterwards be presented to the Auditor, and entered in the proper book in like manner as other demands allowed by him, and an indorsement must be made of its having been so entered before it can be paid; provided, that from the decision of the President of the Board of Education and Superintendent of Common Schools refusing or not agreeing to allow any demand, payable out of the School Fund, the appeal shall be taken to the Board of Education, whose decision thereon shall be final.

SEC. 93. In all cases of such appeals to the Board of Supervisors, or the Board of Education, the opinion of the District Attorney thereon, shall be required in writing, read and filed; and upon such appeal, and in all other cases upon the approval or allowance of any demand upon the treasury, or School Fund, the vote shall be taken by yeas and nays, and entered upon the records.

SEC. 94. The President of the Board of Supervisors, in conjunction with the County Judge and Auditor of said city and county, shall, every month, examine the books of the Treasurer and other officers of said city and county, having the collection and custody of public funds, and shall be permitted, and it shall be their duty to see and count over all the moneys remaining in the hands of such Treasurer, or other officer. If they ascertain *clearly* that such Treasurer or other officer, is a defaulter, they shall forthwith take possession of all funds, books, and papers, belonging to such officer, and appoint a person to fill the same, until the said defaulting officer can be proceeded against according to law, which shall be done without delay. The person so appointed shall give bond and take the oath of office, in the same manner as was required of the officer whose place he is appointed to fill. Out of the General Fund the sum of fifty thousand dollars, annually, for the redemption of the certificates of stock, mentioned in the fourth subdivision of this section, when the same shall be offered for redemption at the treasury, and after first applying to that use the money now belonging to said "Sinking Fund," remaining in the hands of the Fund Commissioners. Also, the sum of sixteen thousand six hundred and sixty-seven dollars, annually, for the redemption of said "Fire Bonds," mentioned in the seventh subdivision of this section, when the same shall be offered at the City and County Treasury for redemption, and after first applying to that use the money now belonging to this "Sinking Fund."

Eleventh. Out of the Police Fund, bills for the subsisting of prisoners previously authorized by the Board of Supervisors, as in this Act provided, and duly audited, which bills must minutely specify each several item composing the demand.

Twelfth. [Obsolete.]

Thirteenth. Out of the General Fund, bills duly audited for expenditures in the care and maintenance of the indigent sick of the city and county, previously authorized by the Board of Supervisors, and not exceeding the amount in this Act, limited for that purpose.

Fourteenth. [Amended, see Powers of the Board of Supervisors; sec. 74, page 614.]

Fifteenth. Out of the Surplus Fund, expenditures previously authorized by the Board of Supervisors, in the lawful exercise of their powers, for objects other than those specified in the preceding fourteen subdivisions of this section, may be paid out of the Surplus Fund, as specified in sections ninety-seven and ninety-eight, but not otherwise. At the end of each fiscal year, and after every lawful demand on the treasury then due and payable, or to accrue for that year, shall have been actually paid, taken up and canceled, and record thereof made in the proper books, or cash in the treasury shall have been set apart and reserved, equal to the amount of said demands that may then be outstanding, or to accrue for that year, and a surplus of money shall still remain in the treasury, then, and in such case, but not otherwise, the Board of Supervisors may, out of such Surplus Fund, and from no other source whatever, make appropriations for the various objects embraced within their lawful powers, other than those specified in the first fourteen subdivisions of this section, and may, in case the revenue of the year then next ensuing, will, in their opinion, be amply sufficient to satisfy all demands upon the General Fund and Police Fund, set apart and reserve the moneys so appropriated, to be expended from time to time, during such succeeding year, subject, however, to the provisions of section ninety-six. Every contract whereby any money is to be paid out of the treasury for other objects than those specified in the first fourteen subdivisions of this section, shall be null and void as against the city and county, if made before such Surplus Fund exists in the treasury, and unless it be in writing, with a printed copy of sections ninety-five, ninety-six, ninety-seven, and ninety-eight of this Act attached to it, and in such case, the officer or officers executing the same, in behalf of the city and county, in contravention of this provision, shall alone be liable in his or their individual capacity, to the other contracting party, for the fulfillment of such contract.—[Amendment April 18, 1857.]

SEC. 96. The demands specified in the first fourteen subdivisions of section ninety-five, shall be paid out of any moneys in the treasury, in preference to any and all other demands whatsoever; and in case of any deficiency of funds for the payment of any of the said demands, when presented, then all such demands, being presented and registered by the Treasurer, as in this Act required, shall be paid out of any moneys afterward coming into the said treasury, applicable thereto, in the order in which the same are registered.

SEC. 97. The Board of Supervisors, Board of Education, and each and every officer of the said city and county, being absolutely prohibited to contract any debt or liability, in any form,

against the said city and county hereafter, the powers of the Board of Supervisors, enumerated in this Act, so far as the exercise thereof may involve the expenditure of money otherwise than for the objects and demands referred to in the preceding section, shall be deemed to extend only to authorizing the appropriation and application of any surplus moneys remaining in the treasury, during any one fiscal year, to the objects specified in such enumeration of powers, after the demands mentioned in the first fourteen subdivisions of section ninety-five, due and payable during such fiscal year, shall have been paid, and the several Sinking Funds shall have been provided and reserved for the redemption of said bonds and certificates of stock, to the amount hereinbefore specified.

SEC. 98. If any expenditures not authorized by this Act, be incurred, they can never be paid out of the treasury, nor shall they be deemed to constitute, or lay the foundation of any claim, demand, or liability, legal, equitable, or otherwise, against the said city and county. If expenditures be incurred, which are authorized by this Act to be paid out of the surplus funds in the treasury, but not for the preferred objects specified in section ninety-six, such expenditures can only be paid out of such surplus funds and revenues strictly appertaining to the fiscal year in which such expenditures have been ordered, or the contracts therefor entered into, and cannot be carried forward and paid out of any revenues accruing and receivable into the treasury for any subsequent year; nor shall any demand for, or arising out of, any such expenditure, contract, or consideration, be deemed to be a legal or equitable claim or liability against the said city and county, or the treasury thereof, or the taxable property or tax payers, otherwise than as in this section provided; and no demand preferred against the said city and county, or the treasury thereof, which is not legally obligatory under the provisions of this Act, can be recognized, assumed, or legalized, so as to give it any validity, or authorize the payment thereof.

SEC. 99. [Repeals former Acts, and provides that all laws and parts of laws defining the powers and duties of Supervisors or Boards of Supervisors, are declared inapplicable to the said City and County of San Francisco, except such as are expressly referred to in, and made applicable thereto by the provisions of this Act; also, all laws and parts of laws, as far as they conflict with the provisions of this Act. The schedule to the Act provides for the organization of San Mateo County, and is therefore omitted.]

SUPPLEMENTAL XVIII.—An Act to organize and regulate the Justices' Court in the City and County of San Francisco.—Approved March 26, 1866.

SECTION 1. There shall be in and for the City and County of San Francisco one Justices' Court, which shall have the powers and jurisdiction now prescribed and conferred by law upon Justices of the Peace and Justices' Courts in said city and county. All actions, suits, and proceedings, whereof Justices of the Peace and Justices' Courts in said city and county have jurisdiction, shall be commenced, entitled, and prosecuted in said Court. The said Court shall be always open, non-judicial days excepted, and causes therein may be tried before the presiding Justice, before any one of the Justices before whom the original process may be made returnable, or to whom the cause may be assigned or transferred for trial, or before any three Justices of the Peace constituting the Court in bank as hereinafter provided; but the Court in bank shall have exclusive power to hear and determine all applications for new trial. For the organization of said Court, Justices of the Peace, a Justices' Clerk, and Constables shall be elected or appointed as hereinafter provided.

SEC. 2. There shall be for the City and County of San Francisco five Justices of the Peace, to be elected by the city and county at large, at the time, in the manner, and for the term as now prescribed by law for the election of such Justices.

SEC. 3. The Board of Supervisors shall annually appoint one of the Justices of the Peace to be Presiding Justice, who, as such, shall hold office for one year, and until his successor shall be in the same manner appointed; and any one of the other Justices may attend, preside, and act as Presiding Justice during the temporary absence or disability of the Justice so appointed. The Board of Supervisors shall also appoint a Justices' Clerk, on the written nomination and recommendation of the said Justices, or a majority of them, who shall hold office for two years, and until his successor is appointed and qualified. The Clerk shall take the constitutional oath of office, and give bond, with at least two sufficient sureties, to be approved in the same manner as the official bonds of other officers of the city and county, in the sum of ten thousand dollars, payable to the City and County of San Francisco, conditioned for the faithful discharge of the duties of his office, and well and truly to account for and pay into the treasury of said city and county, as required by law, all moneys by him collected or received and by law designated for that use. A new or additional bond may be required by the Mayor, Auditor and County Judge, or any two of them, whenever they may deem it necessary, and on failure to furnish such new or additional bond within three days after it shall be required, the office shall become vacant.

SEC. 4. There shall be for said city and county two Constables, to be appointed by the

Board of Supervisors, who shall hold office for two years, and until their successors shall be appointed and qualified. The Constable shall take the oath of office and give bond, as now provided by law. If it should appear to the satisfaction of the Board of Supervisors, after giving to the Constables in office an opportunity to be heard before them, either verbally or in writing, that two Constables cannot, by the exercise of due diligence, perform all the necessary official labor devolving upon them, then the said Board may appoint one additional Constable, (making three in all) to hold office during the pleasure of the Board, and such additional officer may be dispensed with and appointed anew, as the Board may deem necessary.

SEC. 5. The Board of Supervisors shall provide in some convenient locality in said city and county, a suitable building, with rooms for the Clerk's office, court room, and separate rooms for offices or chambers for each of the Justices of the Peace, (the presiding Justice excepted) for the transaction of their official business, and shall also provide suitable furniture therefor; or if said Board shall deem it necessary and expedient, offices or chambers for the Justices may be provided and assigned for them in different buildings and places. At the Clerk's office the presiding Justice and Justices' Clerk shall be in attendance daily, non-judicial days excepted, from the hour of nine A.M. until five P.M., and at such other convenient hours as may be required by urgent official business; and the other Justices aforesaid shall be in attendance at their respective offices or chambers, for the dispatch of official business, daily, from the hour of nine A.M. until five P.M. Unless otherwise ordered by the Board of Supervisors, leave of temporary absence may be granted by the Mayor to the Clerk or any of the Justices, when such absence will not materially prejudice or delay official business, but absence for more than two hours in a day or for more than four days in one month, shall be charged with a proportionate deduction of salary.

SEC. 6. All legal process of every kind which the Justices of the Peace of the said [city] and county or any of them are or may be authorized to issue, for the issuance or service of which any fee is or may be allowed by law, shall be issued by the said Clerk upon the order of the presiding Justice, or upon the order of one of the said Justices of the Peace, and the fees for issuance and service of all such process, and all other fees which now are or hereafter may be allowed by law, for any official services of Justices, Constables, or Justices' Clerk, shall be exacted and paid in advance into the hands of the said Clerk, and by him, daily or weekly, as the Board of Supervisors may require, and before his salary shall be allowed, accounted for in detail under oath, and paid into the treasury of the city and county, as part of the Special Fee Fund; *provided*, that such payment in advance shall not be exacted from parties who, upon proving to the satisfaction of the presiding Justice, by their own affidavit or other evidence setting forth the facts and circumstances of their demand, that they have a good cause of action, and that they are not of sufficient pecuniary ability to pay the legal fees in advance, shall be admitted by such Justice to sue either in *forma pauperis* or without such prepayment; and, *provided*, further, that subpoenas for witnesses may, in the proper cases, be issued by the Clerk without a Justice's order.

Sections 7, 8, 9, 10, 11, 12, 13, refer to the proceedings in the Court and the mode of conducting the same.

SEC. 14. The Board of Supervisors, whenever they shall deem it necessary, may by an order duly passed and entered in the records of said Board, establish one other Justices' Court, to be held at such place in the city and county as the public convenience may require, which shall not be within one mile and a half of the Justices' court room in this Act provided for; and the said Board shall, by a similar order, designate one of the Justices of the Peace to hold such additional Court. The Justice so designated, and in case of his temporary absence, any other Justice of the Peace, shall have power to hold the said Court, and for that purpose shall have power to issue process, make all necessary orders, and exercise all the power, authority, and jurisdiction now conferred by law upon Justices of the Peace, and shall be governed in his proceedings in all respects by the laws regulating proceedings in Justices' Courts, but shall not be entitled to receive to his own use any fees or compensation for official services, other than his salary as fixed by this Act.

SEC. 15. All fees for issuance and service of process in such additional Court, and all other fees which now are or hereafter may be allowed by law for any official services of the Justice or Constable in any cause or proceeding commenced or pending therein, shall be by the said Justice exacted in advance, (except in case of poor persons, provided for in section six) and be paid into his hands, and be by him, weekly or monthly, as the Board of Supervisors may require, and before his salary shall be allowed, accounted for with the City and County Auditor, in detail, under oath, and in such form as the Auditor shall prescribe, and be paid into the treasury of said city and county as part of the Special Fee Fund.

SEC. 16. The Justices' Court organized by this Act, and the additional Justices' Court which may be established by the Board of Supervisors under authority thereof, and the Justices of the Peace aforesaid, shall be governed in their proceedings by the provisions of the Civil

Practice Act regulating proceedings in civil cases in Justices' Courts, and by the provisions of law relating to any special cases and proceedings whereof jurisdiction is or may be conferred upon such Justices and Justices' Courts, so far as such provisions are not repealed, altered or modified by those of this Act, and the same are or can be made applicable in the several cases arising before them.

SEC. 17. All actions and proceedings pending and undetermined before any of the Justices of the Peace of the City and County of San Francisco at the time this Act takes effect, shall be proceeded in, heard, and determined before the same Justices, and execution shall be issued thereon, and other proceedings therein, whether before or after judgment, whether on appeal or otherwise, shall be taken and had before said Justices in the same manner as if this Act had not been passed; but all suits and proceedings commenced after this Act takes effect, shall be commenced, entitled, and prosecuted in the Justices' Court or the additional Justices' Court as in this Act provided.

SEC. 18. The County Court of the City and County of San Francisco shall have power to make rules not inconsistent with the Constitution and laws for the government of the Justices' Courts therein, and the government of the officers thereof; but such rules shall not be in force until thirty days after their publication, and no rule shall be made imposing any tax or charge on any legal proceeding or giving an allowance to any Justice or officer for services.

SEC. 19. The Justices of the Peace, Constables, and Justices' Clerk, shall receive for their official services the following salaries, and no other compensation, payable monthly out of the City and County Treasury and out of the Special Fee Fund, after being first allowed and audited as other similar demands are by law required to be allowed and audited:

To the presiding Justice, three thousand dollars per annum.

To the Justices' Clerk, and each of the Justices of the Peace, (the presiding Justice excepted) twenty-four hundred dollars per annum each.

To each of the Constables while only two are in office, twelve hundred dollars per annum; and for such time as there shall be three Constables in office and drawing pay, each shall receive at the rate of one thousand dollars per annum. And any Constable keeping a horse, and using the same whenever requisite or necessary for the expeditious discharge of his official duties, (of which fact the Board of Supervisors shall be the exclusive judge) shall be entitled to receive thirty dollars a month in addition to the aforesaid amount; but this allowance shall not be made to more than two of the Constables for the same time.

SEC. 20. It shall not be lawful for the Justices' Clerk, or any Justice of the Peace, or Constable of said City and County of San Francisco, to appear, or advocate, or in any manner act as attorney, counsel, or agent, for any party or person in any cause, or in relation to any demand, account, or claim, pending or to be sued or prosecuted before said Justices, or any of them, or which may be within their jurisdiction. A violation of the provisions of this section shall be deemed a misdemeanor in office.

SEC. 21. No person other than an attorney-at-law, duly admitted and licensed to practice in Courts of record, shall be permitted to appear as attorney or agent for any party, in any cause or proceeding before said Justices, or any of them, unless he produce a sufficient power-of-attorney to that effect, duly executed and acknowledged before one of said Justices, or before some other officer authorized by law to take acknowledgment of deeds; which power-of-attorney, or a true copy thereof, duly certified by one of the Justices aforesaid, (who, on inspection of the original, shall attest to its genuineness) shall be filed among the papers in such cause or proceeding.

SEC. 22. The election of the six Justices of the Peace chosen at the last special judicial election in the City and County of San Francisco is hereby ratified and confirmed.

SEC. 23. This Act shall take effect and be in force from and after the first day of January, A. D. eighteen hundred and sixty-eight; *provided*, that at the general election next preceding that date, there shall be elected for the City and County of San Francisco, five Justices of the Peace, as provided for in section two of this Act, to succeed the present Justices after the expiration of the term for which they were elected; and thereafter, also, the Justices of the Peace in and for said city and county shall be elected at the general election; and all laws so far as they require Justices of the Peace in and for said city and county to be elected at the special judicial election are hereby repealed.

SUPPLEMENTAL XIX.—*An Act to provide for the Collection of the Taxes on Personal Property in the City and County of San Francisco.*—Approved May 9, 1862.

SECTION 1. On or before the first Monday in June, in each year, the Assessor of the City and County of San Francisco shall deliver to the Clerk of the Board of Supervisors of said city and county, a list, containing the names of all persons, firms, corporations, and associations, who have given in a sworn statement, or whose personal property has been finally assessed, as provided for in section three of An Act to provide Revenue for the Support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, and the acts amendatory thereof

and supplementary thereto, and the amount of the tax on personal property assessed to each of said persons, firms, corporations, and associations. Said list shall be certified by the Assessor; *provided*, however, that the Assessor may, at any time prior to the last Saturday in October, in each year, specially assess any property which shall not be on the regular list, as provided in section eleven of said Act, approved April twenty-ninth, eighteen hundred and fifty-seven. As soon as the Clerk of the Board of Supervisors shall receive said list, he shall give notice of the fact, specifying therein the time of the meeting of the Board of Equalization, for the correction of errors in the assessment of personal property, as provided in section two of this Act, by publication in one or more daily newspapers published in said city, and he shall keep said list open in his office for public inspection.

SEC. 2. The Board of Equalization of said city and county, as constituted by section eight of An Act to provide Revenue for the support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, shall meet on the first Monday in June, in each year, for the correction of errors in the assessment of personal property, and shall continue in session, from time to time, until such errors brought to their notice shall be corrected; *provided*, however, that they shall not sit after the third Monday in June. Said Board shall have power to determine such complaints only as shall be made to them upon sworn statements in writing in regard to the assessed value of any property, and may change and correct any such valuation, either by adding thereto, or deducting therefrom, if the sum fixed in the assessment roll is proven to be too small or too great. During the session of the Board, the Assessor may be present, and shall have liberty to make any statement touching questions before the Board. During the session, or as soon as possible after the adjournment of the Board, the Clerk shall enter upon said assessment roll all the changes and corrections made by the Board, and thereupon deliver the assessment roll, so corrected, to the Auditor of said city and county, whose duty it shall be to add up the columns of valuation, and on or before the first Monday in July he shall deliver to the Tax Collector a true copy of the corrected roll, to be styled a "Duplicate Assessment List of Personal Property," with the total of taxes to each person, firm, corporation, and association, carried out in separate money columns, which said duplicate assessment list shall be duly certified by said Auditor.—[Amendment February 27, 1864.]

SEC. 3. The personal property assessment list referred to in section one of this Act, and the copy thereof named in section two of this Act, shall be made in the form and bound in the manner now provided by law.

SEC. 4. Upon receiving the tax list of personal property from the Auditor, the Tax Collector shall immediately give notice, by publication in three daily newspapers published in the county, that the taxes on personal property are due and payable, and such notice shall be continued until the first Monday of August next succeeding; he shall also cause a notice to the like effect to be addressed to each person, firm, corporation, or association, named in said list, and shall deposit the same in the post-office in said city, for delivery, the names of the persons, firms, corporations, or associations, alone to be considered a full address for the purposes of this Act.

SEC. 5. All taxes on personal property remaining due and unpaid on the first Monday of August in each year shall then become delinquent, and the Tax Collector shall, at the close of his official business for that day, enter upon the personal property tax list a statement that he has made a levy upon all the property assessed in said list upon which the taxes have not been paid, and thereafter he shall charge two and one-half per cent. on the amount of such delinquent taxes, and on the first Monday in September then next following he shall charge two and one-half per cent. additional on all such delinquent taxes on personal property then remaining due and unpaid. The taxes on special assessments of personal property, provided for in section one of this Act, shall become delinquent, and be subject to the additional charges above named, and the property assessed to be levied upon in the form and manner hereinbefore described at the expiration of thirty days after notice to the persons, firms, corporations or associations assessed, that such tax is due and payable. The additional charges on delinquent taxes provided for in this section shall be paid into the County Treasury, for the use of the city and county; *provided*, that the delinquent taxes on personal property shall not be chargeable in addition to the per centage above imposed, with the five per cent. now imposed by law in section thirteen of said Act of April twenty-ninth, eighteen hundred and fifty-seven.

SEC. 6. At any time after the first Monday in August of each year, the Tax Collector is authorized and required, in person or by deputy, to seize and take possession of any personal property on which the assessed taxes have not been paid, or any personal property belonging to any person, firm, corporation, or association, delinquent for taxes on personal property, and to sell, at public auction, sufficient thereof to satisfy the taxes due, and the costs of seizure and sale, upon giving notice of the time and place of sale, by publication once in any newspaper published in the county; said time and place of sale shall be such as the Tax Collector may select, and shall be authorized to employ an Auctioneer to conduct said sales, all expenses being chargeable to the party or parties delinquent.

Sec. 7. In seizing and selling property in accordance with section six of this Act, the Tax Collector shall be governed by his judgment as to the quantity necessary to satisfy the taxes due, and costs; and should the quantity taken by him prove more than necessary for the purpose named, the portion remaining unsold may be left at the place of sale, at the risk of and subject to the order of the person or persons delinquent, and all proceeds of sales over and above the amount due for taxes and costs, shall be returned by the Tax Collector to the person or persons on whose account the sale was made; and in case said person or persons cannot be found, or shall decline to receive said balance, then the Tax Collector shall deposit the amount with the County Treasurer, subject to the order of said person or persons; and if the same be not demanded within six months from the date of deposit, then the Treasurer shall pay the same into the County Treasury. And when no sufficient visible property can be found to pay said taxes or costs, or when the Tax Collector is in doubt whether said visible property is owned by the party taxed, or whether he has a legal right to seize the same, or when the property of an incorporated company shall be assessed, and the owner or owners of such personal property, seizable under section six of said Act of May ninth, eighteen hundred and sixty-two, or such incorporated companies do not pay said taxes on or before the first Monday in August of each year, it shall be the duty of the Tax Collector to commence an action against the owner or owners of such personal property, or against the person or persons taxed, or such incorporated company or companies, in the name of the People of the State of California, in any Court in said city and county of competent jurisdiction, for the amount of taxes against said personal property, or said persons, or said companies. And it is hereby made the duty of the District Attorney of said city and county to prosecute said action whenever required by the Tax Collector aforesaid: and if judgment shall be obtained against the defendants in said action, ten per cent. over and above the amount due shall be taxed and added to the costs against the defendants, for Attorney's fees, and all other costs of prosecution; said ten per cent. to be paid into the Urgent Necessity Fund of said city and county.—[Amendment April 4, 1864.]

Sec. 8. For seizing or selling personal property, as provided in this Act, the Tax Collector shall be entitled to charge and retain in each case, the sum of three dollars, and the same mileage that a Sheriff would be entitled to receive for traveling to the place to make a levy, the same to be added to the costs, and to be recovered from the delinquent party.

Sec. 9. The bill of sale of the Tax Collector shall vest full title to the property sold in the purchaser.

Sec. 10. Sections six, seven, eight, and nine, of this Act, shall apply and take effect in relation to the collection of all taxes on personal property due to said city and county, and unpaid at the time of the passage of this Act.

Sec. 11. So much of sections three, seven, nine, twelve, thirteen and forty-four, of the Act to provide Revenue for the Support of the Government of this State, approved April twenty-ninth, eighteen hundred and fifty-seven, and so much of sections two, five, and nine, of the Act amendatory thereof and supplementary thereto, approved April nineteenth, eighteen hundred and fifty-nine, and also so much of section one of an Act entitled "An Act to amend an Act for the Support of the Government of this State," approved April twenty-ninth, eighteen hundred and fifty-seven, and of an Act amendatory of and supplementary to said Act, approved April nineteenth, eighteen hundred and fifty-nine, approved March eighteenth, eighteen hundred and sixty-two, as conflict with the provisions of this Act, are declared to be inoperative so far as they apply to the City and County of San Francisco, and in so much are hereby repealed.

SUPPLEMENTAL XX.—*An Act to facilitate the Collection of Delinquent Taxes in the City and County of San Francisco.*—Act March 31, 1866.

SECTION 1. On the Saturday next preceding the second Monday in September of each year, the Tax Collector of said city and county shall have completed a list of the names, alphabetically arranged, of all persons, firms, corporations, and associations, who have not paid the taxes for the current fiscal year, on the personal property assessed to them, giving the name of each person, firm, corporation, or association, so delinquent for and owing such taxes, and giving, opposite each name, the gross amount due for such taxes and costs, inclusive of twenty-five cents in each such case, which shall be charged and collected for the purpose of defraying the expenses of publication of said list. The said publication of said list shall be made by not less than one insertion, one time per week, for three successive weeks, in such daily newspaper, or a supplement thereto, published in said city and county, and in such form as the Mayor, Auditor, and Tax Collector, or a majority of them, may order, such order to be filed in the office of the Clerk of the Board of Supervisors; the first insertion herein provided for, to be on or before the third Monday in said September. The said Tax Collector shall pay into the Special Fee Fund of said city and county each and every such sum of twenty-five cents, herein provided to be charged and collected, and the Board of Supervisors are hereby empowered to authorize payment, out of said fund, of the necessary expenses of such publication.

SEC. 2. On and after the first Monday in January, in each year, the Tax Collector shall charge, on all taxes on personal property, then and for the then current fiscal year, remaining unpaid, five per cent. thereof, which shall be in addition to all other costs and charges, now by law imposed in such cases. The Tax Collector shall pay into the Special Fee Fund of said city and county all sums of money so collected by him as such five per cent.

SEC. 3. The Sheriff and each Constable in said city and county is hereby prohibited from releasing from levy and attachment any personal property on which any taxes are due and payable to the State, and said city and county, or on which any such taxes, by course of law, have become a lien; also, from paying over to any creditor or other person the proceeds of sale, or any portion thereof, of any such personal property, on which any such taxes are so due, or have become a lien.

SEC. 4. The Treasurer of said city and county is hereby required to retain from any amount of money, due and payable from said city and county, to any person or persons owing and liable for any personal property or poll tax to the State and said city and county, or either, and to pay over to the Tax Collector such sum or amount as is due for such tax and costs; *provided*, the said Treasurer shall have been first served by the Tax Collector with a notice that such a tax is due, the amount thereof, and costs, being mentioned in such notice. An assignment of any demand on the treasury shall, in no wise, defeat the object of this section.

SEC. 5. No order or decree for the distribution of any property of any decedent, shall be made by the Probate Judge, until the administrator or administrators, executor or executors, executrix or executrices, (as the case may be) shall have filed in the Probate Court, his or her or their good and sufficient affidavit, that all personal property taxes due the State and said city and county, that have attached to, or accrued against the estate of such decedents, have been fully paid.

SEC. 6. The District Attorney shall pay into the Special Fee Fund of said city and county, all sums of money collected by him by law, as District Attorney's fees, in suits for the collection of delinquent personal property taxes, and the Board of Supervisors are hereby empowered to authorize, by resolution, to be paid out of the said fund such amount or amounts as they may deem necessary and proper, for the payment of such professional aid to [the] District Attorney, as he may need and employ, in such suits for the collection of delinquent personal property taxes; *provided*, such amount or amounts, so authorized, shall not exceed the sums of money so collected as District Attorney's fees, and paid into said fund by the said District Attorney.

SEC. 7. Whenever any person, party, firm, corporation, or association, shall have been served by the Tax Collector, or by a Deputy Poll Tax Collector, with a notice, written or printed, or both, that a certain person in his or their employ, and in such notice mentioned, has refused or neglected to pay a poll tax or poll taxes, then due and payable, the amount so due and payable being mentioned in such notice, then and immediately such person, party, firm, or corporation, and his or their personal property shall become liable and responsible for the amount so due, the same and equally as if the said person, party, firm, corporation, or association, had originally, and in the first instance, owed and been responsible for such poll tax or poll taxes; *provided*, that such liability shall not exceed the amount due and owing from such person, party, firm, or corporation, to such certain person mentioned in said notice; and, *provided, also*, that such person, party, firm, corporation, or association, shall not be compelled to pay such poll tax or poll taxes, until the expiration of five days after the date of service of such notice, inclusive of the day of service; and, *provided further*, the names of a portion or all such certain persons, so owing poll taxes, and in one and the same employ, may be mentioned in one and the same notice.

SEC. 8. The interest of any person, a non-resident of this State, in any vessel registered in this State, whether such vessel be engaged in inland, foreign or coastwise voyages and trade, or be unemployed, shall be liable to seizure and sale for non-payment of taxes on such interest, the same as if such interest was the property of a resident of this State.

SEC. 9. Whenever, through error or design, any person shall have paid to the Tax Collector a less sum of money than was justly due on any certain piece or parcel of real estate, in said city and county, as shown by the assessment roll, and shall have received therefor the Tax Collector's receipt, the sum so paid being mentioned in such receipt, and such receipt purporting to be in full satisfaction of all the taxes due on such certain piece or parcel of real estate, while the assessment roll shows a greater amount than that mentioned in such receipt to have been due, then, and in such case, the Tax Collector may enter upon the said assessment roll, opposite the description of such certain piece or parcel of real estate, and to the credit of the person and property assessed, the amount or sum so paid and mentioned in such receipt, in which case he shall deposit in the post office in said city and county a notice of such short payment and credit; also of the amount of balance due: such notice to be addressed to the person or persons assessed, or to the person who so paid such less sum, and shall enter upon the assessment roll the date of such notice being so deposited in such post office. The balance remaining due shall, if unpaid at the time the

taxes become due on said certain piece or parcel of real estate, for the next succeeding fiscal year, be added to such taxes for [the] next succeeding fiscal year, and become in every respect, for all the purposes of collection, a portion, part and parcel thereof, but, when collected, shall be entered and credited in a proper manner in the proper books of the fiscal year in which the same first became due, and to the credit of the person and property assessed.

SEC. 10. The tax sale, for non-payment of taxes on real estate in said city and county, shall, in each year, be holden either in or in front of the Tax Collector's office, in said city and county, but, during the progress of such sale, may be adjourned from one to the other such place, whenever in the judgment of the Tax Collector circumstances may render necessary such an adjournment.

SEC. 11. The delinquent tax list, which the Tax Collector is by law required to cause to be published on or before the fourth Monday in November, in each year, shall be published in such daily newspaper, (or supplement thereto) published in said city and county, and in such form, in conformity to law, as the Mayor, Auditor and Tax Collector, or a majority of them, may order; the order thereof to be filed in the office of the Clerk of the Board of Supervisors in said city and county.

SEC. 12. The Tax Collector shall not be required to regard any instructions given him as to what portion of any certain piece or parcel of real estate described in the delinquent list, he shall sell for non-payment of taxes, unless such instruction is accompanied by an affidavit that the person giving and signing such instruction is the owner or owner [s] in possession of such piece or parcel of land as assessed, or of the portion thereof embraced in such instructions, and unless such instructions and affidavits are filed in the office of the said Tax Collector prior to the day first set and advertised for the commencement of the tax sale for the then current fiscal year.

SEC. 13. The Tax Collector may require from each bidder at the tax sale such deposit as he may deem a sufficient earnest and guarantee of the good faith of the bidder, which deposit he may, at his option, return to such bidder, or pay into the Special Fee Fund of said city and county, in the event of such bidder becoming the purchaser, and failing to pay the balance due in conformity to the provisions of law, or failing to pay the full amount of such purchase, in accordance with the provisions of law.

SEC. 14. In the event of the sale for non-payment of taxes, of any piece or parcel of real estate, through error, accident or misapprehension, on which the taxes for the then fiscal year had been paid, or which by law was exempt from taxation, the Tax Collector shall place on special deposit with the Treasurer, subject to the order of the purchaser, the amount paid therefor by such purchaser, and shall file with the Auditor an affidavit signed by himself, setting forth the facts and the reasons for such special deposit, and shall serve upon the purchaser aforesaid a notice of such deposit, if conveniently found, otherwise he shall deposit such notice in the post office in said city and county. He shall also cause to be noted properly in the books of description in his office, and the office of the County Recorder, a condensed statement of the facts in relation to such proceedings and deposit, which shall be legal notice thereof.

SEC. 15. This Act shall take effect from and after its passage; but shall in no wise apply to or affect that class of personal property taxes known as mortgage taxes, and shall apply to the City and County of San Francisco only.

SUPPLEMENTAL XXI.—*An Act to provide for the Registration of the Citizens of this State.*—Approved March 19, 1866.

The following is a condensation of the provisions of the Registry Law (see Statutes of California 1865-66, page 288) so far as they relate to the qualifications of voters, and the mode and manner of preparing the poll lists or voting rolls.*

1. No one can exercise the right of suffrage in California unless his constitutional qualifications are established by his name being on the GREAT REGISTER, which is a book kept in the office of each County Clerk throughout the State, wherein is to be entered, upon due proof, the name of every citizen who is by the Constitution invested with the elective franchise. *A single exception is allowed in favor of those becoming of age within thirty-five days next preceding the election at which they may offer to vote.*

2. No one can vote at any election appointed or authorized by law, unless his name be enrolled on the POLL LIST of the election district where he resides, which list is to be made out previous to the election.

3. Every one must have his name on the poll list 30 days before the election, or if he applies to be enrolled afterward he must show a satisfactory reason for the delay.

4. No one can vote for *any officer*, either general or local, except in the particular election district where he resides, nor there, unless he has resided there for thirty days next before the election.

* We are indebted to the courtesy of Hon. Horace Hawes for the condensation referred to.—[COMPILER.]

5. If any one is found enrolled in two districts at the time he offers his vote, then his vote is to be rejected.

6. The poll list serves only for the particular election for which it is made up. A new and distinct poll list is made up for each subsequent election, whether general, local, or special. It is not necessary or proper to cancel names upon the *old* poll list after the election is over. That list has then performed its office. It is *functus officio*—officially dead. Consequently, certificates of such cancellation or transfer upon, or from such former poll lists, are wholly unauthorized. If, however, one has his name enrolled to vote at a particular approaching election, and afterwards, and thirty days before that election takes place, removes to another district, then he must have such former enrollment canceled in order to be enrolled in the district which he moves into.

7. In making out the poll lists the Great Register serves as evidence of *citizenship* only. The *present local residence* of the voter must be ascertained by other means. The Great Register is *no evidence* on that point, even though the residence *at date of registration* be noted therein as the law requires.

8. Making out poll lists by simply copying from the Great Register, or copying a former poll list, is *altogether illegal*. The mode of proceeding in making out the poll lists will be found precisely defined in the *Registry Act* from Sections 18 to 32 inclusive, which in the pamphlet entitled "Citizen's Hand-book" constitute paragraphs 114 to 128 inclusive—also *vide* "Introductory explanations" to the *Registry Act* in said pamphlet, paragraphs 13 to 96 inclusive.

9. From the nature of the case the poll list is a *temporary* and *local* record, containing the names of those who are entitled to vote at a certain precinct on a certain day, and at a particular election for the officers then to be chosen, but who, perhaps, the day afterwards, may change their residence and consequently be no longer entitled to be enrolled or to vote at that place. Hence the reason why, as already stated, a new and distinct list has to be made out for every election that may take place.

10. On the other hand, the Great Register is a record of a *general* and *permanent* character. It is the great roll or record of the names of the citizens of the State—residing in the county where it is kept. When the citizen removes to another county he gets a certified abstract of his registration from the County Clerk, on production of which to the County Clerk of the county which he moves to, his name will be recorded in the Great Register there.

SUPPLEMENTAL XXII.—An Act to establish and maintain an Alms House and Hospital in the City and County of San Francisco.—Act March 10, 1866.

SEC. 5. The Board of Health shall have general supervision of all matters appertaining to the sanitary condition of the said city and county, and full powers are hereby given to said Board to adopt such measures and make such orders and regulations as at any time in their opinion the public safety may require, and not in contravention of any law; but such orders and regulations shall not take effect until the same be approved by resolution or order of said Board of Supervisors. They shall have power to declare any place or port where they shall have reason to believe a pestilential, contagious or infectious disease, (especially small-pox, or Asiatic cholera, or yellow fever) is probably prevailing to an alarming extent, to be an infected place or port, and to fix the period for so considering such place. This declaration shall be made by publication one week in three of the leading newspapers published in San Francisco; but this declaration shall not be legally binding till approved by said Board of Supervisors and the Governor.

SEC. 7. Any captain, owner, or consignee, neglecting to comply with the directions of the Quarantine Officer, given in the legal discharge of his duties, or failing to comply with all the provisions of this Act, shall be deemed guilty of a misdemeanor, and fined in a sum not less than one hundred dollars, nor more than five hundred dollars.

Directions for Key-holders.—Upon the discovery of a fire near your signal box, turn the crank slowly and steadily about twenty-five or thirty times. Then wait a few moments, and if you hear no ticking in the box, or alarm on the large bells, turn as before. If you still hear no alarm, go to the next box, and give the alarm from that. Never open the box, or touch the crank, except in case of fire. Never signal for a fire seen at a distance. Be sure your box is locked before leaving it.

Keys of the signal boxes are deposited in the vicinity of each box, at such places as are indicated upon cards placed thereon.

The telegraphic apparatus consists of thirty-seven miles of wire, divided into ten circuits, of which five are signal circuits, or circuits running to the signal boxes; alarm gongs, located in the different engine, hook and ladder, and hose houses, each connected with the central office by the five alarm circuits; and six alarm bells for striking the number of the alarm box, located as follows: One on the City Hall, one on the engine house on Sixth Street, one on the engine house on Stockton Street, one on the engine house on Second Street, one on the engine house on Sutter Street, and one on the hose house on Pacific Street. The bells and gongs are each struck at the same time by electrical machinery. The police apparatus consists of nine stations, each communicating with the central office in the City Hall, where a constant watchfulness is exercised by the attending operator.

This church was organized in June, 1849, under the labors of its first pastor, Rev. O. C. Wheeler. The church lot was purchased in the spring of the year for the sum of \$10,000. The first house of worship was dedicated in August, 1849, and was the first Protestant house of worship erected in California. Mr. Wheeler's pastorate ended in November, 1851, who was succeeded by Rev. B. Brierly in May, 1852. In the summer and fall of 1853, the wooden building was removed, and the basement of the present edifice was erected at a cost of \$13,000. In this the church worshipped until September, 1857, when it dedicated its newly-finished building which it had completed, for the sum of \$16,000, including upholstery. During the administration of the present pastor, who commenced his labors in July, 1859, large accessions, both to the church and congregation, have been made, and its heavy debt has been paid.

This church, or congregation, was organized July 29th, 1849, when Thomas Douglas and Frederick S. Hawley were chosen Deacons, and inducted into office on the following Sunday by Rev. T. D. Hunt, assisted by Rev. A. Williams. The society met in the school-house, on the Plaza, until it was required for other purposes, when the members were deprived of a regular place of meeting for several months. As early as practicable, however, efforts were made for the erection of a suitable house of worship, which resulted in the building of a commodious frame structure, twenty-five by fifty feet, on the corner of Jackson and Virginia streets, which was dedicated to the worship of God, February 10th, 1850. Rev. T. D. Hunt was chosen Pastor, and installed June 26th, 1850, who, in this connection, it is proper to state, was the first Protestant clergyman, located as such, in the State, having arrived at San Francisco as early as October 29th, 1848, and was immediately invited by the citizens, in a meeting called for the purpose, to act as their chaplain for one year, commencing November 1st, 1848, in which capacity he was laboring at the time of the organization of this church. The congregation increased so greatly as to require a larger house; accordingly measures were adopted, in the summer of 1852, for the erection of the present substantial brick edifice, which was dedicated on the 10th of July, 1853. Rev. E. S. Lacy was installed as Pastor, July 6th, 1856, and dismissed October 3d, 1865. Rev. A. L. Stone, D.D., was installed June 14th, 1866.

The whole number of members admitted to the church since its organization is seven hundred and fifteen. The present membership is over four hundred. The cost of the present church property, including lot, building, and repairs, has been about \$70,000.

Sunday School—L. B. Bencbley, Superintendent; Charles S. Eaton, Assistant. It was designed by S. C. Bugbee & Son. The cost was about \$5,000, exclusive of the amount, \$5,000, paid for the lot. The dedication services occurred in March, 1865. EPISCOPAL.

Grace Cathedral.

Officiating Clergy—Rev. G. A. EASTON and O. CLARK, D.D. Location, corner California and Stockton Streets.

Public services every Sunday at 11, A.M., and 7½ P.M.; Sunday School at half past nine in the morning. The congregation was organized in 1849, the statistics of which may be summed up as follows: Communicants, three hundred; the Sunday School numbers about two hundred scholars, and has a library of over one thousand volumes. The first Rector of the church was Dr. J. L. Ver Mehr, who preached his first sermon in California at the house of Mr. Merrill, in this city, September 10th, 1849. A chapel was next built toward the close of 1849, at the corner of John and Powell Streets, which was first opened for divine services December 30th, 1849. This was the first Grace Church. It was sixty feet long by twenty wide, and cost eight thousand dollars. On the twenty-eighth of April, 1850, Grace Church was formally organized. E. Bryant and D. S. Turner were elected Wardens, and Dr. Ver Mehr chosen Rector. The first vestry meeting was held on May 20th, 1850. In February, 1851, the contract was made to build the former Grace Church on Powell Street, which was finished that summer. Dr. Ver Mehr preached the first sermon in this edifice. Bishop Kip arrived in San Francisco January 29th, 1854, and on the twenty-fifth day of February following, assumed the Rectorship, at which time Dr. Ver Mehr resigned. The Bishop continued to officiate until Palm Sunday, April 5th, 1857, when

F. C. Ewer was ordained, and on the next Sunday he preached his first sermon. On the fourteenth of April Mr. Ewer was elected to be Assistant Minister, and on the twentieth of the same month he took charge of the parish, the Bishop having departed for the Atlantic States. The Bishop having returned and resigned the Rectorship, Mr. Ewer was elected Rector of the Church, December 15th, 1857, and retained that position until April, 1861, when he resigned. At the earnest solicitation of the Vestry, Bishop Kip again became Rector, and served as such until October, 1864. Rev. H. Goodwin being then Assistant Minister, continued as such, when, in September, 1866, he was elected Rector, and on the first of July, 1867, he resigned in consequence of ill health, since which date the clergymen at present officiating have had pastoral charge.

The corner stone of Grace Cathedral was laid by Bishop Kip in May, 1860. The building is one hundred and thirty-five feet deep and sixty-two feet wide. Height, from floor to apex of roof, sixty-six feet. The edifice was first opened for public worship September 28th, 1862. Its cost when completed will be about \$90,000.

St. John's Church, Mission Dolores.

Rev. T. W. BROTHERTON, Rector.

This church was established in November, 1857—the Rev. John Chittenden, President of the San Francisco College, then a lay reader, licensed by the Bishop of the Diocese, officiating as its Minister. The parish, of which this is the church, was instituted in February, 1858. The inhabitants are indebted mainly to the liberality of a few individuals and to the Rev. John Chittenden for the first introduction of this church service into the neighborhood. The Rev. J. Cameron, ordained in April, 1860, officiated as Curate—the Rev. J. Chittenden being his Rector. By the energy of the Curate, assisted by his brother clergymen, he has established the Episcopal Church permanently in this vicinity. Services are held at 11, A.M., and 7½, P.M., Sundays. It is worthy of being noted that the ministers, organist, choir, and other assistants, give their services gratuitously. The present Rector took charge on the first of August, 1861. The first of August, 1862, a church edifice was commenced, on a lot presented by the ladies of the congregation to the Vestry, which was finished in November of the same year. The new church is built in the early English First pointed style, at a cost of \$3,500, with furniture etc., and is capable of accommodating two hundred and fifty persons. The Sunday School numbers about one hundred and fifty scholars and fifteen teachers. Number of volumes in the library, 800.

Officers—W. O. Andrews, Senior Warden; Wm. Greene, Junior Warden; Charles E. Gibbs, Treasurer; J. W. Haynes, Secretary; Theodore E. Smith, E. E. Eyre, C. Christensen, L. V. H. Howell,

Wheeler Martin, J. Martenett, J. R. Jarboe, and R. A. Thompson, Vestrymen.

Church of the Advent.

Rev. R. F. PUTNAM, Rector.

The parish was established with its first Rector, June, 1858.

This church is located on Howard Street between Second and Third. It was completed and consecrated February 24th, 1861.

Services every Sunday at 11, A.M., and 7½, P.M.; Sunday School at 9, A.M.

Officers—C. Langley and Cutler McAllister, Jr., Wardens; L. A. Garnett, C. A. Eastman, J. C. Winans, John Kiloh, T. R. Johnson, Hall McAllister, and James Palache, Vestrymen.

The new church, with its lofty steeple, forms a conspicuous object in the southern part of the city. The architecture is the pure Gothic. Some modifications in the Romanesque style have been introduced, adding materially to the light and graceful effect. The exterior is of a rich dark brown, and, with its lofty lantern, reminds one of "St. Dunstan's in the East," London, built by Sir Christopher Wren, and copied by him from the fine old church of St. Nicholas, New Castle, England.

The interior is plain and elegant, and offering an auditorium in the clear of fifty feet by eighty, or one hundred and twenty feet in depth with the chancel. The walls are painted in imitation of stone; the ceiling, which is divided with delicate tracery, springs gradually to the apex of the roof, and is painted light blue. The chancel is a model of neat, unpretending architecture, and with the pulpit, which is very high, is much in the old English style. A very attractive feature is the Ten Commandments, which fill the niches at the rear of the chancel. The windows are lofty and divided into diamond-shaped sections by a lattice work of wood on the inside.

The lot, with the edifice and furniture, cost the society \$27,000.

St. James Church.

St. James Church was organized January 19th, 1866, as a free Episcopal Church, with full choral, and full ritual services. This church grew out of the Episcopal Mission Sunday School; W. G. Badger, Superintendent.

For a length of time they worshiped at Dashaway Hall, but are now worshipping in an elegant structure of their own situated on Post Street, north side, between Mason and Taylor.

This church has been built by the energy of a few persons, and will no doubt in a short time rank among the first churches on the Pacific Coast; they have a surpliced choir of some twenty boys, and the music would do credit to any city in the world. Services, on Sundays, are the Holy Communion, at 7 in the morning; full Choral Service and preaching at 11; and preaching with the full Choral Service in the evening. Strangers are always welcome to this church, and seats are free to all.

This church will compare favorably with any other in this city; it is 60 by 137 feet, and seats one thousand people. Rev. F. DILLON EAGAN, Rector, and the Vestry are as follows: W. G. Badger, Addison Martin, Joseph White, Frederick Townsend, F. B. Lyle.

The Church of the Nativity.

This Mission Congregation of the Protestant Episcopal Church worships at present in PIXLEY HALL, northeast corner Polk and Pacific streets, Spring Valley. It was begun as such, in this Hall, August 5th, 1866, by Rev. DAVID J. LEE. Seven persons were present at the first divine service. It has grown in numbers and interest until the average

attendance is 45 in worship, and 70 children in Sunday School. The "MARTHA SOCIETY," for the purpose of accumulating a fund, was organized in October, 1866. They, by subscriptions paid monthly, and by sewing and sale of articles, have secured a sufficient amount to guarantee the purchase of a lot for a church building, thereby insuring the perpetuity of the Church in this vicinity.

The Rev. DAVID J. LEE, M. D., Pastor; residence, Taylor Street, one door south of Sutter.

This is yet a Mission, partly supported by the Domestic Missionary Committee of New York. Not having a Vestry or Parish organization, Mr. Edward Barry kindly acts as Warden, Secretary, and Treasurer. This is a FREE CHURCH. It is not the intention ever to be incumbered with the pew system. The music and singing are congregational, and the choir system purely a voluntary one.

The Sunday School is large and flourishing. The Pastor is superintendent, and W. H. Wordsworth, assistant superintendent; E. Barry, secretary and librarian; LaGrant Turner, assistant librarian. The Sunday School meet at 2½ P.M.

Divine Service on Sunday at 11 o'clock A.M., and 7½ P.M. Occasional week-day services. Holy Communion as usual in the church. Communicants number 22; 15 persons have been baptized, and 7 confirmed during the past ten months.

Having paid the debt in March, 1864, on the first day of January, 1865, the society made extensive necessary repairs, requiring the sum of \$6,500; \$1,500 of that has been paid, leaving a balance on the main debt of \$2,000, and a floating debt amounting to \$550—total, \$2,550. This church was organized May 20th, 1849, under the direction of Rev. Albert Williams, and was the first Protestant Church organized in San Francisco. W. W. Caldwell, Frederick Billings, Dr. George F. Turner, Mrs. Sarah B. Gillespie, Mrs. Ann Hodgson, and Mrs. Margaret A. Geary, were the original members: Capt. B. Simmons, E. Woodruff, and H. Grimes were the first Trustees.

During the summer of 1849, the congregation worshipped in a tent on Dupont Street, afterward in a store-room of the Custom House, and in the Superior Court Room, City Hall, until January 19th, 1851, when a neat Gothic edifice, capable of holding seven hundred persons, was dedicated. This house was destroyed by the great fire of June 22d, 1851. A plain building was immediately erected, in which the congregation worshipped until August, 1857; and from that time until May, 1858, their meetings were held in the Chinese Mission Chapel. Their present fine house of worship was built in the summer and autumn of 1857, at a cost of about \$50,000, including the lot, furniture and fixtures. It is in the Gothic style of architecture throughout. The main building is one hundred and seventeen feet long, or to the outside of the tower, one hundred and twenty-three feet, and is sixty-one feet wide. Rooms for the Pastor's study and social meetings are on the same floor with the audience room, which last is eighty-one by fifty-eight feet, with a ceiling thirty-nine feet high. A Sabbath School room, fifty-seven by thirty-six, is over the front apartments; on the northeast corner of the house is a brick tower, ninety-six feet in height. There is an organ gallery that will seat a choir of forty persons. In all its arrangements the edifice is admirably adapted to its purpose, and at the same time is in accordance with true architectural taste.

In 1863 a valuable organ was added to the church, at an expense of \$5,000, and the church debt of over \$13,000 had been canceled, leaving the congregation entirely free from any liability.

Officers—Rev. James Eells, D.D., Pastor, arrived February 4th, 1867; E. J. Crane, N. Gry, S. Hopkins, John D. Arthur, and J. K. S. Latham, Elders; C. L. Kellogg and S. B. King, Deacons; H. L. King, President; F. H. Rogers, Secretary and

Treasurer; J. B. Painter, William Bosworth, D. A. Jennings, David Hewes, R. B. Dallam, O. F. Willey and William S. Phelps, Trustees.

Services every Sabbath at 11 A.M., and 7 P.M., in winter months, and at 7 P.M., in summer. Public Lecture Wednesday evening; Prayer Meeting Sabbath evening, one hour before the evening service. Henderson, Alexander Campbell, James B. Roberts, H. H. Haight, Thomas H. Selby, C. Wittram, H. H. Bigelow, C. Clayton, and H. M. Newhall, Trustees. The church was erected in the fall of 1854, at a cost, including the lot, of about \$70,000. On its completion the property was largely in debt, but the debt was gradually reduced, and finally wholly extinguished. The whole property is now entirely free from debt; and the income of the church, now some \$13,000, from pew rents and Sabbath collections, is ample to meet all its current expenses. The church has a splendid organ, built by Henry Erben, of New York, which cost over \$8,000. This is, in all respects, the largest and most costly organ on the Pacific coast, and it has few superiors even in the Atlantic States. It has forty-six stops and over 2,600 pipes. The greatest variety of combinations can be made by the use of the various stops and couplings; and for excellence of workmanship and sweetness of tone it has been pronounced by judges to be unsurpassed. The choir is under the efficient management of Mr. Washington Elliot, Mr. Gustave A. Scott being the organist.

The church building will seat comfortably 1,000 persons. The number of communicants is now about four hundred and seventy-five. The number of scholars and teachers in the Sabbath School is about three hundred; number of volumes in the library, 1,000, which were selected with great care, and form a very complete library.

The church was organized September, 1850, to supply a portion of the city then destitute of religious privileges, under the auspices of the Rev. S. H. Willey, who continued in the pastorate for twelve years. The building then occupied by the congregation was dedicated June 17, 1851; was enlarged and repaired in 1864, and in 1867 was sold to the Third Baptist Society. The present pastor, who was

for many years a missionary in India, was installed by the Presbytery of San Francisco, July 23d, 1865, and has since presented his work with great success. The number of communicants is about three hundred and fifty. Connected with this church are two Mission Sabbath Schools: one at Hayes Valley, of which Mr. Charles Geddes is Superintendent, and one at the corner of Folsom and Seventh Sts., Rev. F. Fox, Superintendent.

The present church building was erected in 1866, and dedicated January 6, 1867. The cost, including the lot, was about \$65,000. It will seat comfortably nearly 1,400 persons, and is considered in all respects well adapted for the purposes designed in its erection.

Larkin Street Presbyterian Church (O. S.)

Location, corner of Larkin and Pacific streets. Rev. J. H. McMONAGLE, Pastor.

Officers—H. P. Coon, H. H. Haight, G. L. Kenny, S. H. Williams, E. R. Waterman, F. Leppien, and Robert Irwin, Trustees.

This enterprise was commenced by Rev. J. D. STROG, in the Spring Valley School House, in April, 1862. A Union Sabbath School, under the superintendence of E. R. Waterman, had previously existed in the neighborhood for more than two years, but was not formally connected with the church movement till near the close of that year, when an effort was made to erect a house of worship, but failed for want of the requisite funds. During the following summer the effort was revived, and in September, 1863, a Board of Trustees was incorporated, a lot purchased at an expense of \$1,000, plans and specifications prepared by S. H. Williams, and the contract for building the church edifice let to J. W. Duncan. On the fourth of September, 1864, the building was completed and dedicated. It is of wood, seventy-two feet long by forty-two wide, and has seats for about four hundred persons. Its architecture is plain and unpretending, but neat and tasteful, and it is one of the most substantial and thoroughly constructed wooden churches in the State. Its whole cost was a little over \$10,000.

The sermon on the occasion was delivered by Rev. John G. Fackler, through whose labors the congregation was gathered, and who was called to the regular pastorate of the church,

and installed in April, 1866. The building is constructed of wood, and approaches the Corinthian style of architecture. The Lecture Room, Library, Ladies' Room and Pastor's Study are all on the first floor. The main audience room will seat about five hundred persons comfortably. The *peu* system has been adopted, although the sittings are always perfectly free to strangers. The whole cost of the building, including gas fixtures, upholstering, carpeting, etc., exclusive of the ground, has been something more than \$11,000. The remaining debt will not exceed \$3,500, the most of which will soon be provided for.

Bowman, Secretary; Archi-episcopal and pastoral residence, Dupont Street, adjoining the Cathedral. Location, NE corner California and Dupont streets. The erection of this noble structure was commenced on the seventeenth of July, 1853, during which year the basement portion was built, and the work was resumed the July following. Dedicated December 25th, 1854. The church is seventy-five feet wide, fronting on California Street, by one hundred and thirty-one feet on Dupont Street, being the largest church in the State. Service was begun at midnight on December 24th, 1854. The basement portion is lighted from both sides and well ventilated. The present expenditure on the building is \$175,000. The church portion is forty-five feet high in the clear, and contains spacious galleries and an organ loft. The ceilings are vaulted with a series of groined arches which are decorated, and every means has been resorted to for accommodation, light, and ventilation. The church can seat twelve hundred persons. The tower is at present one hundred and thirty-five feet high, and when completed, with the spire, will be two hundred feet

high. The edifice is of Gothic architecture, which has been carried out in every detail through the building. In all the arrangements for the erection of the church, the greatest attention has been paid to the selection of the best materials, and to the combination of strength and durability, which are admirably effected in its construction. William Cruine, architect.

The present dimensions of the Cathedral not being sufficiently large for the vast congregation that attends it, it is intended to add about thirty feet more to its length. An Archi-episcopal and pastoral residence on California Street, as also a beautiful and spacious Baptistery, have been recently erected.

Attached to the Cathedral is a large day school for boys.

St. Francis.

This church was organized by Very Rev. Anthony Langlois, in the spring of 1849, through whose efforts a commodious frame building was erected in the month of December, 1849, and was the first Roman Catholic Church organized in San Francisco. Its ground base was forty by one hundred feet, one story in height. During the years 1859-60, a large and commodious church was erected, which was dedicated on the seventeenth March, 1860. Its design is of the Gothic order, prevalent in the fourteenth century, presenting an illustration of the Christian architecture of that period. The principal features of this imposing structure are the towers, which project beyond the body of the church, and present in their elevation four divisions, rising to a height of ninety feet from the ground. The entrance porch, or vestibule, has two side aisles, a semi-octagonal sanctuary, and two sacristies, and is approached by a flight of ten steps, ascending to the vestibule, from which, at each side, are entrances to the galleries and baptistery, and in front are the pointed arched doorways which lead to the nave and aisles. In the central space, between the towers, are the three doorways communicating with the vestibule, and thence with the interior. Over the central door there is a large and elegant three-compartment window, and in the gable a highly decorated rose window. Over each side door there is a lofty and spacious niche, which rises from richly molded brick corbels; there are also three marble panels, with appropriate inscriptions, recessed in the brick work immediately over the doorway and gable; the work is finished with a massive and richly decorated cross.

The east and west sides of the structure are divided by buttresses into eight spaces, in each instance; seven of which contain the large, pointed, arched windows, which light the church. Beneath the floor of the church there is a large, well-lighted basement, which is used as a school-room, and also as a place of meeting for the parishioners. The extreme length of the building is sixty-six by one hundred and thirty-seven and one-half feet; from the floor to the foot of the rafters is thirty-five feet. The cost, when completed, will be nearly \$100,000.

Joseph Harrington, arrived August 27th, 1852, and died November 2d of the same year, of Panama fever. The second regular pastor, Rev. F. T. Gray, arrived June, 1853, and left in June, 1854, and died in Boston in February, 1855. The third regular pastor, the Rev. R. P. Cutler, arrived August 31st, 1854, and continued his ministrations without intermission until June 1st, 1859, at which time he resigned his charge and left for New York. The Rev. John A. Buckingham then officiated as temporary pastor until April 5th, 1860. The late pastor, Rev. Thomas Starr King, arrived here with his family, April 28th, 1860, and commenced his ministrations the following day (Sunday) before one of the largest congregations ever assembled in this city.

During the period of Mr. King's ministry, the society extinguished a long standing debt of twenty thousand dollars, and erected a new church on Geary Street near Stockton, at a cost of one hundred and fifteen thousand dollars, all of which has been paid. It is one of the most beautiful structures our city contains, and is remarkable for the purity of its architectural design and its interior beauty.

Upon the death of Thomas Starr King, on the fourth of March, 1864, Rev. Dr. Henry W. Bellows, of All Saints Church, New York, President of the Sanitary Commission, and one of the most distinguished and influential ministers of the denomination, responded to an earnest call from the society, and left New York within a few weeks to fill the pulpit thus vacant, for a period of six months.

The Rev. Horatio Stebbins of Portland, Maine, who had received a unanimous call from the society, became the permanent pastor the following September. Since then the society has enjoyed its accustomed prosperity.

The pews of the Church are not owned by individuals, but belong to the society, whose organic laws require that they shall be rented annually at auction to the highest bidder. A clause in the new Constitution of the society provides that the property shall never be pledged, mortgaged, or incumbered for any purpose whatever.

CALIFORNIA BIBLE SOCIETY.—Organized October 30th, 1849, with John M. Finley as President; and the Revs. J. L. Ver Mehr, Albert Williams, and W. Taylor, Vice Presidents; and T. D. Hunt as Secretary. Depository, 757 Market Street. Meetings of the Board of Trustees are held by appointment on the Tuesday after the first Sunday of each month. The first building of the society, on Stockton Street, was destroyed by fire April 26th, 1853, when a new one was erected on the same site at an expense of \$7,000. The corner stone of the new building of the Society, 757, 759, and 761 Market Street, was laid with appropriate ceremonies on the second day of May, 1862. The edifice is an ornament to the city, a marked feature of the enterprise and foresight of the Board of Trustees. Having disposed of the property owned by the Society on Montgomery Street, they selected this location on a growing thoroughfare, in hopes that the future income of the property will enable the respected agent, Rev. F. Buel, to more fully extend

the circulation of the Holy Scriptures in this State, and the Pacific Coast. The building is fifty feet by seventy-five, three stories high, with stores on the ground floor. One of them is now occupied as the depository of the society. The name of the society was changed by Act of the Legislature, 1859, from the San Francisco Bible Society to its present title. This Society was organized in 1865 for the purpose of affording relief to persons in poverty or sickness, who were subjects of Great Britain at the time of

their birth, and of promoting the social and intellectual improvement of its members. Between seven and eight hundred men, including many citizens of the United States, have been admitted to membership, and there are now some four hundred paying members on the rolls. In May last, the Association was completely reorganized and incorporated, and a Constitution adopted containing several admirable features, and, among others, provisions for free lectures and debates. From the time of its formation the affairs of the society have been carefully and judiciously managed, and its charity dispensed with prudent liberality. It has uniformly cooperated with the San Francisco Benevolent Association and other local organizations, and through its agency, their burthen has been greatly lightened, many hundreds of sick and destitute men, women, and children effectively relieved, and a large number provided with employment. The relief given is, for the most part, temporary; and, at present, under the new system adopted by the Board of Relief, averages \$2 45 per case. During the year ending on June 30th, 1867, the smallest number of applications for any one month was twelve, and the smallest amount expended, \$76; the largest number of applications during the same period was one hundred and three for the inclement month of January, involving expenditure of \$192 85. For the year terminating April 30th, 1867, the total number of persons assisted was four hundred and fifty-five, and the total amount expended for their benefit \$2,314 76. The introduction of various literary and social festivities, and the opening of a correspondence throughout this and the adjoining States and territories, it is confidently expected, will largely add to the usefulness of the institution, which has already attracted the marked admiration of the people of San Francisco.

GERMAN GENERAL BENEVOLENT SOCIETY OF SAN FRANCISCO, (styled in German, Die Allgemeine Deutsche Unterstuetzungs Gesellschaft) is one of the largest and most efficient charitable associations in the State. It was organized on the seventh of January, 1854, with one hundred and five members, and has rapidly increased until now it numbers thirteen hundred and forty-two city members, and four hundred and eighty in the interior.

Only Germans and persons speaking German are admitted to membership. The chief purpose of the association is mutual assistance in case of sickness, and when sick every member has a right to demand support and medical attendance from the society. The society has a second purpose of doing charity to Germans not members of the association, and especially to German immigrants newly arrived. The society has a hospital situated on Brannan Street near Third, built of brick, two stories high, with a basement, one hundred and twelve and one-half feet front, fifty feet deep, with a wing in the rear of twenty-three feet front, one hundred and twenty-two feet deep, furnished with steam, sulphur, hot, and cold water and shower baths, and other conveniences for the treatment of the sick. The wards are smaller than in any other hospital in the city, so that not many patients are put together in a room. The lot upon which the hospital is built is one hundred and thirty-seven feet six inches wide by two hundred and seventy-five feet long, the whole surrounded by a high fence and cultivated in a fine garden, a part planted with ornamental flowers and shrubs, and a part with kitchen vegetables. The property of the society, including the lot and hospital buildings, is worth about \$40,000. The revenue of the society amounted in 1864 to \$23,560 65, derived chiefly from a monthly assessment of one dollar levied on each member. The expenses of the hospital in the year 1864 amounted to \$2,631 32. The society has as paid servants in the hospital, a superintendent, an apothecary, a gardener, a cook, and five waiters.

The office of the society is at 732 Washington Street, where the principal agent, Julius Barchhausen, can be found from 8 A.M. to 5 P.M., on week days. All applications for admission into the society, or for charitable relief, and to furnish employment, or servants to applicants, should be addressed to the agent. No charge for applications.

ORPHAN ASYLUM (CATHOLIC).—Market near Kearny Street. Organized March 23d, 1851,

and placed under the care of the Sisters of Charity. A frame building for this purpose was commenced in July, and completed in September, 1851. It was occupied in part for a school, and a portion was temporarily used as a church, under the pastoral charge of Rev. John Maginnis. The present capacious brick building was completed in November, 1854, at a cost of \$15,000. It is a source of gratification to behold the consoling appearance presented by the three hundred and twenty little ones now provided for in the institution, which speaks audibly of the benign influence of the guardian sisters, and of the true liberality of our community in their noble efforts to lend a helping hand to the fatherless. Another spacious brick building, of the same dimensions as that erected in 1854, was completed in January, 1859, for a school, in which five hundred and fifty children, day scholars, receive a useful education. The asylum is conducted under the sole management of Archbishop Alemany, and the Sisters of Charity.

The dilapidated condition of the frame building erected in 1851, and since used for kitchen, refectories and clothes rooms, etc., having become unsafe for the use of the children, a large and commodious brick building has been built recently at a cost of about \$20,000, fronting on Market Street, measuring sixty-eight by seventy-three feet, and an addition has been built in the rear of the asylum.

A farm of fifty-three acres has been purchased at Hunter's Point, where a branch Orphan Asylum has been established for very young children. A large and commodious brick edifice will soon be erected thereon.

ORPHAN ASYLUM SOCIETY (PROTESTANT).—Organized January 31st, 1851, and incorporated February 10th, 1851.

Gillespie, Mrs. Taylor, Mrs. Joice, Mrs. A. Tubbs, and Mrs. O. C. Wheeler, Managers; Charles Gilmore, D. L. Ross and S. Franklin, Trustees.

It originally occupied the building on the corner of Second and Folsom streets, owned by Gen. H. W. Halleck, whence they removed the children in March, 1854, to the present building, just then completed at a cost of \$30,000. This house, built of

stone and brick expressly for the purpose, is highly creditable to the institution, as one of the noblest monuments of San Francisco benevolence. During the year 1862-'63, a large and convenient addition was made to the present building, at an expense of \$31,000, which, together with the main building, will accommodate two hundred and fifty children. As a compliment to the Sanson Hook & Ladder Co., who, upon disbanding, donated to the asylum the building and lot owned by them, the new addition is called the "Sanson Wing." The number of children under the care of the asylum is two hundred—one hundred and sixteen boys and eighty-four girls.

STATE DEAF, DUMB, AND BLIND ASSOCIATION.—The California Institution for the education of the deaf and dumb, and the blind, one of the most interesting and deserving of our State charities, is located on the corner of Fifteenth and Mission Streets. It was established in May, 1860, under the auspices of an association of benevolent ladies, and for a time was supported by charitable contributions. State aid, however, was soon obtained, and two buildings, designed as the wings to a main edifice, were erected at a cost of \$20,000. In 1863 the management was intrusted to a Board of Directors, five in number, and an appropriation, for the center building, of \$75,000 was made, which was subsequently withheld, the Legislature foreseeing the necessity of removing the institution at no distant day, to more extensive grounds. During the Legislative Session of 1865-6 an Act, reorganizing the Institution, was passed, and a Board of Commissioners was appointed to select a site and erect suitable buildings thereon. The Commissioners, under this authority, have recently purchased a tract, consisting of one hundred and thirty acres, adjoining the grounds of the College of California, about four miles from Oakland, and hope to have the proper buildings erected within the current year. The pupils number at present about seventy, of whom twenty-five are blind, the remainder being deaf and dumb. The schools, under a corps of competent instructors, are in a flourishing condition, and the results obtained compare favorably with the attainments made in the long established institutions of the Atlantic States. The blind, by ingenious apparatus devised for their use, are taught reading, writing, arithmetic, geography, grammar, history, etc., to which is added, as a solace

in their great affliction, the art of music. The deaf and dumb are instructed in the same branches, substituting drawing for music. By the Act of 1865-6, all deaf, dumb, or blind persons, residents of this State, between the ages of six and twenty-five years, and of sound mind, may be received, free of expense, except for clothing and traveling expenses. Pupils from other States and Territories are admitted on the payment of \$300 per annum. The institution is open to visitors every day, except Sundays, from 9 o'clock, A.M., till 3 o'clock, P.M.

A. S. HALLIDIE & CO.

MANUFACTURERS OF

IRON AND STEEL WIRE ROPE.

ESTABLISHED, 1857.

OFFICE, 412 CLAY STREET. WORKS, NORTH BEACH.

San Francisco.

Mining Companies, Ferrymen and Shipmasters

Are informed that WIRE ROPE can be furnished them, considerably under the cost of Hemp or Manila Rope of equal strength.

WIRE ROPE does not stretch or shrink by change of weather. It weighs 40 per cent less than Hemp, is less than one-half the diameter; it is easily spliced under all circumstances; is as pliable for equal strength, and is three to five times as durable as the best Hemp or Manila Rope.

It is almost exclusively used throughout the principal mining regions, and by the leading ship owners, and thirty years' experience has tested its merits and proved its great economy and superiority over any other kind of Rope.

We have entirely remodeled our manufactory. With new and improved machinery, and by the careful selection of only the best material, the WIRE ROPES turned out from our establishment we guarantee to be equal to any made.

Round Iron Wire Rope, $\frac{1}{2}$ to $1\frac{3}{4}$ inches diameter; Flat Iron Wire Rope, $2\frac{1}{4} \times \frac{3}{8}$ to 5×1 inch, for hoisting from Inclines and Shafts.

Round Steel Wire Rope, $\frac{3}{8}$ to 1 inch diameter, for Derrick Fall Ropes and Hoisting Purposes.

Flat Steel Wire Rope, $2 \times \frac{1}{4}$ to $3\frac{1}{2} \times \frac{5}{8}$, for hoisting from Deep Shafts.

Ungalvanized or Galvanized Round Wire Rope, $\frac{1}{2}$ to $2\frac{1}{2}$ inches diameter, for Ship Rigging, Derrick Guys, Buoy and Flying Ferry Ropes.

Iron and Copper Wire Cord, $\frac{1}{16}$ to $\frac{3}{8}$ inches diameter, for hanging Window Shades, Dumb Waiters, Signals, etc. Suitable Sash Pulleys furnished with Sash Cord.

Galvanized Iron Wire Strands, $\frac{1}{4}$ to $\frac{3}{8}$ inches diameter, for Fencing in Lands, etc.

NOTE.—Steel Wire Rope weighs about 60 per cent. of Iron Wire Rope, or 35 per cent. of Manila, of equal strength. It is admirably adapted for Fall Rope for Derricks with suitable sheaves, and for hoisting purposes, when there is much rough work. Its extreme lightness effects quite a saving in freight to remote points, Manila or Hemp Rope weighing three times its weight. See comparative weight, strength and sizes of

THE PATENT GUN LOCK.

PATENTED

April 17th, 1866.

The great merit about this Gun Lock is this: It does away with the cutting into the gun stock, and consequently, the weakening of the same. The movement is perfectly secured against dampness and dust, and needs no cleaning but once a year. The main spring is superior to any now in use, as acknowledged by all mechanical men. For sale by all respectable Gunsmiths.

The undersigned keeps always on hand a large assortment of SHOT GUNS, with the Patent Gun Lock, of English and Belgian manufacture. New Gun Stocks made and the Patent Gun Locks put on at moderate prices, at short notice. POWDER, SHOT, CAPS, WADS, and SPORTING MATERIALS IN GENERAL, always on hand, wholesale and retail.

HUCKS & LAMBERT'S
CELEBRATED PATENT
H. & L. AXLE-GREASE.

THIS EXTRAORDINARY LUBRICATING COMPOUND

Is produced by chemical combination of suitable oily substances, purified by distillation, and

EFFECTUALLY

Freed from resinous or pitchy matter which attaches to all oils, more or less, in their natural or unrefined state. In operation, the PATENT GREASE works free from Comb, or Gum;

PREVENTS

Friction by keeping the heaviest bearings in a soft, oily state to the last; and, as its consistency is not altered by exposure to the hottest sun or coldest frost, (its liquifying point being 200 degrees) it follows that, on axles which have a tendency to become hot from too heavy abrasion, etc., the anti-friction will adhere to and keep them cool, when other substances would run off and become dry; thus the evil known as

"FIRING OF WHEELS,"

is by its use effectually prevented.

The Proprietors will guarantee one application of their PATENT GREASE to carry the heaviest loaded team from 300 to 500 miles without requiring to be greased on the road.

N. B.—We respectfully caution our friends to ask for HUCKS & LAMBERT'S AXLE GREASE, as there are several spurious imitations in the market, and see that the trade-mark, H. & L., is on the red cover of the package.

Is fast becoming the favorite here as it is in the Atlantic States (the sales in the city of Chicago alone averaging one hundred and sixty a week). It does all kinds of work in the most perfect manner, and is so simple and easy to understand and operate that a child from seven to ten years of age will do more work on it than a grown person can do on any other machine. It has beaten the Florence badly in a severely contested trial of seven hours.
